(57) Abstract :

The exceptional improvements and up-gradation on the Internet along with the underlying technologies, smart sensors, communication technologies, etc. are providing the possibilities for integrating devices, machines, objects, and software for communication purposes without human mediation and involvement. These help in the development of new technology namely the Internet of Things (IoT). There are different kinds of wastes produced across different platforms among them bio-medical waste (BMW) plays a vital role in terms of both detection and classification. The waste is produced as the result of treatment, diagnosis, and immunization of human beings and animals is the bio-medical waste. The pharmaceutical manufacturing companies, medical clinics, and hospitals produce around 3.2 million tons of bio-medical waste annually amongst that half are considered infectious. Improper disposal of the waste leads to chronic diseases like tuberculosis, diabetes, and cancer. This has led to the need for a comprehensively complete approach that includes the process of 1. characterization, 2. quantification, 3. segregation 4. detection, 5. classification, and 6. treatment of the bio-medical waste. This invention is involved in the development of the smart medical waste management system. This system uses the deep learning algorithm in machine learning techniques for the classification of waste.

CERTIFICATE OF GRANT INNOVATION PATENT

Patent number: 2021102531

The Commissioner of Patents has granted the above patent on 16 June 2021, and certifies that the below particulars have been registered in the Register of Patents.

Name and address of patentee(s):

Shaik.Shakeer Basha of Assistant Professor, Department of CSE Avanthi Institute of Engineering and Technology Gunthapalli, Hyderabad- 501512 India

Tulika Chakrabarti of Assistant Professor (Grade-A), Dept.of Chemistry, Sir Padampat Singhania University Udaipur Rajasthan 313601 India

Ananda Shankar Hati of Assistant Professor, (Electrical Engineering), Dept. of Mining Machinery Engineering Indian Institute of Technology (Indian School of Mines), Dhanbad, Jharkhand- 826004 India

Anirban Das of Professor, Dept. of Computer Science & Engineering, University of Engineering & Management Kolkata, West Bengal- 700160 India

Prathyusha. Kuncha of Associate Professor, Department of ECE, NRI Institute of Technology Pothavarappadu (V),Agiripalli (M) Vijayawada, Andhra Pradesh- 521212, India

S V N Sreenivasu of Professor, Dept.of Computer Science and Engineering, Narasaraopeta Engineering College Narasaraopet , Andhra Pradesh- 522601 India

Kandula Ravi Kumar of Associate Professor, Dept. of Mechanical Engineering International School of Technology and Science (For Women),Rajahmundry, Andhra Pradesh- 533294 India

Kowdodi Siva Prasad of Professor, Department of Mechanical Engineering, Hyderabad Institute of Technology and Management,Mandal, Gowdavelly Medchal, Hyderabad, Telangana -502401 India

Yogendra Kumar of Assistant professor, Department of Physics, VSP Government PG College Kairana, District - Shamli Uttar Pradesh - 247774 India

Ajay Kumar Singh of Professor (CSE), B - 204, Faculty Residence, NH-58 Meerut Institute of Engineering & Technology, Meerut, U.P, Pin 250005, India

CERTIFICATE OF GRANT INNOVATION PATENT

Patent number: 2021102531

Term of Patent:

Eight years from 13 May 2021

NOTE: This Innovation Patent cannot be enforced unless and until it has been examined by the Commissioner of Patents and a Certificate of Examination has been issued. See sections 120(1A) and 129A of the Patents Act 1990, set out on the reverse of this document.

Dated this 16th day of June 2021

Commissioner of Patents

Extracts from the Patents Act, 1990

Sect 120(1A) Infringement proceedings in respect of an innovation patent cannot be started unless the patent has been certified.

Sec 128 **Application for relief from unjustified threats**

- (1) Where a person, by means of circulars, advertisements or otherwise, threatens a person with infringement proceedings or other similar proceedings a person aggrieved may apply to a prescribed court, or to another court having jurisdiction to hear and determine the application, for:
- (a) a declaration that the threats are unjustifiable; and
 - (b) an injunction against the continuance of the threats; and
 - (c) the recovery of any damages sustained by the applicant as a result of the threats.
- (2) Subsection (1) applies whether or not the person who made the threats is entitled to, or interested in, the patent or a patent application.

Sec 129A **Threats related to an innovation patent application or innovation patent and courts power to grant relief.**

Certain threats of infringement proceedings are always unjustifiable.

- (1) If:
- (a) a person:
 - (i) has applied for an innovation patent, but the application has not been determined; or
 - (ii) has an innovation patent that has not been certified; and
 - (b) the person, by means of circulars, advertisements or otherwise, threatens a person with infringement proceedings or other similar proceedings in respect of the patent applied for, or the patent, as the case may be; then, for the purposes of an application for relief under section 128 by the person threatened, the threats are unjustifiable.

Courts power to grant relief in respect of threats made by the applicant for an innovation patent or the patentee of an uncertified innovation patent

- (2) If an application under section 128 for relief relates to threats made in respect of an innovation patent that has not been certified or an application for an innovation patent, the court may grant the applicant the relief applied for.

Courts power to grant relief in respect of threats made by the patentee of certified innovation patent

- (3) If an application under section 128 for relief relates to threats made in respect of a certified innovation patent, the court may grant the applicant the relief applied for unless the respondent satisfies the court that the acts about which the threats were made infringed, or would infringe, a claim that is not shown by the applicant to be invalid.

Schedule 1 **Dictionary**

certified, in respect of an innovation patent other than in section 19, means a certificate of examination issued by the Commissioner under paragraph 101E(e) in respect of the patent

---	--

(57) Abstract :

The field of this investigation relates in Ecology to find the ammensalism effect on Humans on Plants population and Birds population. The Results are examined based on the analytical study of the mathematical model and interacting coefficients between the Humans, plants and Birds. The effects of delay are examined. The present investigation is an analytical study of a three species syn-ecological model which comprises human beings (N1), plants (N2) and birds (N3). Here plants and birds (like ducks and hens) are neutral to each other and humans are ammensal on the both. A time delay is introduced between humans and plants. All possible equilibrium points of model are identified and local stability for each case is discussed and the global stability is discussed by constructing suitable Lyapunov function. For the proposed model we examined local stability at equilibrium points and Global stability. In this examination we identified Fully washed out state, Humans and Plants Washed out state, Humans and Birds Washed out State and Plants and Birds washed out states are Unstable. Further we observed that only Humans washed out state, only Plants washed out state and only Birds washed out states are conditionally stable based on the interacting coefficients. Finally we observed that Co-existing state is globally asymptotically stable. If we introduce the time delay between Humans and Plants, then the Co-Existing state is also conditionally asymptotically stable. And the Delay argument in the interaction of Humans and Plants is significant in the stability analysis. Further, exact solutions of perturbed equations have been derived. The stability analysis is supported by numerical simulation using Mat Lab.

(ii) Declaration by the applicant(s) in the convention country
(In case the applicant in India is different than the applicant in the convention country: the applicant in the convention country may sign herein below or applicant in India may upload the assignment from the applicant in the convention country or enclose the said assignment with this application for patent or send the assignment by post/electronic transmission duly authenticated within the prescribed period)

We, the applicant(s) in the convention country declare that the applicant(s) herein are our assignee or legal representative.

- (a) Date
(b) Signature(s) -----NA-----
(c) Name(s) of the signatory

(iii) Declaration by the applicant(s)

- We the applicant(s) hereby declare(s) that: -
- We are in possession of the above-mentioned invention.
- The provisional/complete specification relating to the invention is filed with this application.
- The invention as disclosed in the specification uses the biological material from India and the necessary permission from the competent authority shall be submitted by me/us before the grant of patent to me/us.
- There is no lawful ground of objection(s) to the grant of the Patent to me/us.
- We are the true & first inventor(s).
- We are the assignee or legal representative of true & first inventor(s).
- ~~The application or each of the applications, particulars of which are given in Paragraph 8, was the first application in convention country/countries in respect of our invention(s).~~
- ~~We claim the priority from the above mentioned application(s) filed in convention country/countries and state that no application for protection in respect of the invention had been made in a convention country before that date by me/us or by any person from which I/We derive the title.~~
- ~~Our application in India is based on international application under Patent Cooperation Treaty (PCT) as mentioned in Paragraph 9.~~
- ~~The application is divided out of my /our application particulars of which is given in Paragraph 10 and pray that this application may be treated as deemed to have been filed on DD/MM/YYYY under section 16 of the Act.~~
- ~~The said invention is an improvement in or modification of the invention particulars of which are given in Paragraph 11.~~

13. FOLLOWING ARE THE ATTACHMENTS WITH THE APPLICATION (a) Form 2

Item	Details	Fee	Remarks
Complete specification	No. of pages : 15		
No. of Claim(s)	No. of claims : 09 and No. of pages :01		
Abstract	No. of pages :01		
No. of Drawing(s)	No. of drawings :- and No. of pages:-		

In case of a complete specification, if the applicant desires to adopt the drawings filed with his provisional specification as the drawings or part of the drawings for the complete specification under rule 13(4), the number of such pages filed with the provisional specification are required to be mentioned here.

IAENG INTERNATIONAL ASSOCIATION OF ENGINEERS

Date: 8 September 2020

To Whom It May Concern:

Official Letter for the IAENG Membership

Member Name: Dr. SRILAPUREDDY KISHOREREDDY

Member Number: 128215

IAENG is a non-profit international association for the engineers and the computer scientists. IAENG has been found by a group of engineers and computer scientists from over thirty different countries. Our goals are to promote the co-operation between the professionals in various fields of the engineering and to cultivate an environment for the advance and development of the technology. Our objectives include:

- Promoting the interactions between the engineers;
- Advancing the application of engineering techniques from the academics to the industry;
- Facilitating the exchange of information and ideas among the engineers and scientists freely.

This letter is to certify that the above person is an IAENG member. For the information about IAENG Membership, please visit our website <http://www.iaeng.org/membership.html>

If you have any question, you are very welcome to contact us at any time.

Best regards,

Joan Mok
Assistant Secretary
International Association of Engineers (IAENG)

Sub: Requesting to held a Meeting regarding Research & Development cell

Respected Sir,

I would like to ask you permission to allow us to conduct a meeting regarding the activities and further Developments in R & D cell. I am conducting the meeting among all the coordinators from all the Departments.

The meeting would last about 1hour and would be arranged at a time convenient to the faculty schedule. If you agree, kindly sign below acknowledging your consent and permission for me to conduct this meeting at our conference hall.

Your approval to conduct this meeting will be greatly appreciated.

Sincerely,

Dr S KISHORE REDDY

6	Mr G SRINIVAS	R&D Coordinator	Electronics & Communication Engineering
7	Mr S RAJENDRA	R&D Coordinator	Computer Science Engineering
8	Dr B NAYEEMA	R&D Coordinator	MASTER OF BUSINESS ADMINISTRATION

AGENDA

- To review the previous events and club activities.
- To discuss about the on-going and submitted externally funded projects
- To provide the opportunity for the students to actively participate in the club activities.
- To discuss about the initiation of Incubation Centers
- To discuss about the methods to encourage publication of Papers and Books
- If any other point to be discussed with the permission of the chair.

Meeting Outcome:

- All the Department HOD's discussed about their 22-23 Academic year contributions of faculty and Students regarding research activities.
- The Principal has insisted to all the HOD's to cope up all the students to actively take part in club Activities and to take necessary action plans in beneficial to the students.
- The Principal insisted to conduct a seminar on booming technology regarding telecommunication.
- The R & D Cell has emphasized the need of Incubation centers in order to inculcate research at student Level.

Finally ensured all the agenda points and meeting was closed with mutual wishes and also decided to have a review meeting once for every month.

MINUTES OF MEETING – R&D

The minutes of the R & D cell meeting held on March 07, 2023, at 02:00pm in the conference room.

S.No.	Name of the Faculty	Designation	Department
1	Dr. G. RAMA CHANDRA REDDY	PRINCIPAL	Mechanical Engineering
2	Dr. Dr. SK SHAKEER BASHA	Institute Level R&D Coordinator	Computer Science Engineering
3	Dr S KISHORE REDDY	R&D Coordinator	Electronics & Communication Engineering
4	Dr T KRANTI KUMAR	R&D Coordinator	Electrical & Electronics Engineering
5	Dr Y RAMESH BABU	R&D Coordinator	Mechanical Engineering
6	Mr G SRINIVAS	R&D Coordinator	Electronics & Communication Engineering
7	Mr RAJENDRA	R&D Coordinator	Computer Science Engineering
8	Dr B NAYEEMA	R&D Coordinator	Master Of Business Adminstration

AGENDA

- To review the previous events and club activities.
- To discuss about the on-going and submitted externally funded projects
- To provide the opportunity for the students to actively participate in the club activities.
- To discuss about the initiation of Incubation Centers
- To discuss about the methods to encourage publication of Papers and Books
- If any other point to be discussed with the permission of the chair.

IOT CLUB

Logo:

About:

Welcome to the future, where everyone and everything is connected to the internet. We already use THE INTERNET OF THINGS in our daily lives, with smart phones, tablets, computers, and televisions that are internet-connected. These devices are intended for internet use. People are now Using the internet; if it begins to use things, our lives may be made easier. The IoTClub is a resource for the most recent information on the Internet of Things.

Objectives:

- Make aware about modern IOT tools and methodologies
- Acquire knowledge in current IOT research domain and IOT application
- To enhance technical skills in the IOT domain
- Influence professional practice in technical education
- Develop the project prototype by channeling development in terms of academic qualifications and imbibing training.
- To encourage students in innovation and research fields.

SPARK CLUB

Logo:

About:

The SPARK Clubs a student-run organization that provides resources, hosts activities/events, and aims to build a welcoming social setting for electrical & electronics engineering students and anyone interested in electrical engineering. We represent the electrical & electronics engineering students to the other branches, Faculty, and to external organizations by giving them a voice in academic affairs and open opportunities to interact with professional engineers and researchers. It advocate for electrical engineering students' needs to the faculty & department.

Objectives:

- To enhance the technical innovativeness of our institute students by organizing the workshops and competitions on various technical level in order to attract the interest of the students towards technical aspects of their education.
- To develop a comprehensive knowledge of electronics and bring about projects based on core electronics gave the initiation to Electronics Club activities.
- To provide a platform where the students can put their innovative efforts and clear their doubts to transform them into reality.
- To enhance the opinion and the dissenting opinion through the club's activities.
- To provide an exposure to the latest updates in the field of electrical engineering
- To encourage students in non-conventional energy sector

ENTREPRENEURSHIP DEVELOPMENT CELL

An Entrepreneurship Development Cell was established in the college to encourage the students' sense of entrepreneurship. The Cell strives to establish an entrepreneurial ecosystem on campus and offers students a platform to develop ideas into financially viable technological businesses. The cell's goal is to outfit faculty members who are enthusiastic about putting programs into action. Since its start, the cell has pushed students to consider options outside of internships and jobs. To boost the students' business spirit, numerous inspirational speeches and awareness campaigns are held.

Sub: Requesting to held a Meeting regarding Entrepreneur Development cell

Respected Sir,

I would like to ask you permission to allow us to conduct a meeting regarding the activities and further developments in ED cell. I am conducting the meeting among all the coordinators from all the departments.

The meeting would last about one hour and would be arranged at a time convenient to the faculty schedule. If you agree, kindly sign below acknowledging your consent and permission for me to conduct this meeting at our conference hall.

Your approval to conduct this meeting will be greatly appreciated

Sincerely

Dr. N Ramana Reddy

Seminar on Effective research paper writing Skills

Details of the Resource Person: Sri ramulu, Professor, Osmania University

No. of Participants: 28

Sri ramulu, Professor, Osmania University

Explaining about Effective research paper writing Skills

A one-day Seminar on “Effective research paper writing Skills” has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 14/12/2022. Sri ramulu has discussed **Effective research paper writing** is a piece of academic writing that provides analysis, interpretation, and argument based on in-depth independent research. Research papers are similar to academic essays, but they are usually longer and more detailed assignments. This step-by-step guide takes you through the entire writing process, from understanding your assignment to proofreading your final draft. There are many ways to generate an idea for a research paper, from brainstorming with pen and paper to talking it through with a fellow student or professor.

Seminar on IPR

Details of the Resource Person: Sri Nivas, Professor, Osmania University

No. of Participants: 28

Sri Nivas, Professor, Osmania University Explaining about IPR

A one-day Seminar on "IPR" has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 22/09/2022. **Sri Nivas** has discussed regarding One area can be characterized as the protection of distinctive signs, in particular trademarks (which distinguish the goods or services of one undertaking from those of other undertakings) and geographical indications (which identify a good as originating in a place where a given characteristic of the good is essentially attributable to its geographical origin). The protection of such distinctive signs aims to stimulate and ensure fair competition and to protect consumers, by enabling them to make informed choices between various goods and services. The protection may last indefinitely, provided the sign in question continues to be distinctive.

Seminar on Entrepreneurship

Details of the Resource Person: V Sekhar, Professor, Osmania University

No. of Participants: 46

V Sekhar, Professor, Osmania University Explaining about Entrepreneurship

A one-day Seminar on “**Entrepreneurship**” has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 20/09/2022. V Sekhar has discussed an **entrepreneur** is an individual who creates and/or invests in one or more businesses, bearing most of the risks and enjoying most of the rewards. The process of setting up a business is known as "entrepreneurship". The entrepreneur is commonly seen as an innovator, a source of new ideas, goods, services, and business/or procedures. More narrow definitions have described entrepreneurship as the process of designing, launching and running a new business, which is often similar to a small business, or make a profit". While definitions of entrepreneurship typically focus on the launching and running of businesses, due to the high risks involved in launching a startup company, a significant proportion of startups have to due to "lack of funding, bad business decisions, government policies, an economic crisis, a lack of market demand, or a combination of all of these."

INTELLECTUAL PROPERTY RIGHT (IPR) CELL

The Avanthi institute of engineering & technology (AIET) recognizes the importance of generation of intellectual property by its teachers and students. The college is committed to do all that is within its powers and obligations to encourage the creativity and innovation of its people, which can lead to generation of intellectual property (IP). This cell provides support and guidance to the engineering students and staff in protecting their inventions and creations. The cell is also committed to the common people of our society. It supports common people, who approach the cell, to shape their innovative ideas and guide them to obtain IP right. The activities of this IPR Cell in AIET are in alignment with the objectives of the Patent Information Centre.

In a world increasingly propelled by technology, college research is the foundation of any nation's economic growth. College takes concerted efforts to align its focus with the national goal of achieving technological self-reliance by encouraging interdisciplinary research and institutional collaborative research.

IPR cell adopt a sound IP strategy, to secure IPR for a large base of knowledgeable Faculty and highly talented Students in the College. Regular project and research activities of college having innovation potential. So, we are in the process of setting up structured processes to identify, facilitate and develop innovation.

In corporate organizations, almost always, there is an exclusive unit dedicated to strategizing on issues of IP. The motivation for this, of course, is to secure optimal commercial returns on the IP. However, the scenario is different in academic institutes such as ours. Here, the returns, in terms of goodwill and portfolio enhancement, are more important than commercial returns.

AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, Recg. By Govt. of T.S & Affiliated to JNTUH, Hyderabad)

NAAC "B++" Accredited Institute

Gunthapally (V), Abdullapurmet(M), RR Dist, Near Ramoji Film City, Hyderabad -501512.

www.aictg.ac.in email: principal.avanthi@gmail.com

Research is believed in the Institute as practice of profession and not career. IPR cell is here to provide relevant, timely and targeted support to inventors in protecting their IPR and to boost confidence in generating IPR to make our Institute Self-Reliance in Finances

The major objective of the IPR Cell includes:

- To create an awareness about IPR for faculties and students of the College
- To conduct workshops, seminars and training course on IPR.
- To disseminate knowledge on patents, patent regime in India and abroad and registration aspects.
- To impart training on future endeavors regarding patent filing processes
- To encourage faculty members and scholars to go for patentable works
- To advice and guide students and faculty on the importance of IPR
- To support common people to obtain protection for their inventions / innovative ideas
- Conducting workshop to bring awareness and values added research
- To bring awareness on patent and intellectual project rights
- encourage the faculty for new developments, innovation

A Primer on Intellectual Property (IP)

Intellectual property refers to creations of the mind; such as designs, music, art, technological inventions and writing. It is the legal rights for intellectual activity undergone in the industrial, scientific, literary and artistic fields.

Types of IPR

Patents

A Patent is a statutory right for an invention granted for a limited period of time to the patentee by the government, in exchange of full disclosure of their invention for excluding others, from making, using, selling, importing the patented product or process for producing that product for those purposes without his consent

Designs

'Design' means only the features of shape, configuration, pattern or ornament or composition of lines or colour or combination thereof applied to any article whether two dimensional or three dimensional or in both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye

Trademarks

A trademark is a visual symbol which may be a word signature, name, device, label, numerals or combination of colours used by one undertaking on goods or services or other articles of commerce to distinguish it from other similar goods or services originating from a different undertaking

Copyrights

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights

including, rights of reproduction, communication to the public, adaption and translation of the work. There could be slight variations in the composition of the rights depending on the work

Geographical indications

Geographical indications of goods are defined as that aspect of industrial property which refer to the geographical indication referring to a country or to a place situated therein as being the country or place of origin of that product

Plant variety protection

Protection granted for plant varieties, the rights of farmers and plant breeders and to encourage the development of new varieties of plants

Semiconductor Integrated circuits layout – Design

Protection granted for layout design in semiconductor integrated circuit and for matters connected therewith
