**Report:** Community Outreach Program on Energy Conservation

Date: 9th -DEC-2022

## Introduction:

The Community Outreach Program on Energy Conservation was organized by the B. Tech students of Avanthi Institute of Engineering and Technology at Gunthapally village on 9th -DEC-2022. The aim of the program was to raise awareness about energy conservation and promote sustainable practices within the community.

## Objective:

1. Raise awareness about the importance of energy conservation.
2. Educate the community about simple energy-Saving techniques.
3. Demonstrate practical methods to reduce energy consumption.
4. Foster a sense of responsibility towards environmental sustainability.

## Program Highlights:

The program consisted of interactive sessions, demonstrations, and hands-on activities. The students engaged with the community through presentations, and discussions on energy-efficient practices for households and community spaces. They also showcased renewable energy options, such as solar panels, and provided information on government incentives for adopting these technologies.

## Community Engagement:

The villagers actively participated in the sessions, sharing their insights and experiences. Q&A sessions allowed for clarification of doubts and encouraged open dialogue. The students emphasized the economic and environmental benefits of energy conservation, underscoring how small changes can make a significant impact.

## Outcome:

The community members expressed enthusiasm and pledged to implement energy-saving measures in their daily lives. The program left a lasting impression on both the students and the villagers, highlighting the potential for further collaborative initiatives.

## Conclusion:

The Community Outreach Program on Energy Conservation was a successful endeavor that provided valuable knowledge to the Gunthapally village community. By fostering a culture of energy conservation, the program contributed towards a more sustainable and eco-friendly future.

**Report:** Tree plantation Program by Avanathi Institute of Engineering and Technology B Tech Students

Date: 22nd October 2022

Location: Gunthapally Village

### Introduction:

On 22nd October 2022, a commendable initiative was undertaken by the B Tech students of Avanathi Institute of Engineering and Technology, aimed at promoting energy conservation through a tree planting program in Gunthapally Village. The event not only contributed to environmental sustainability but also fostered community engagement and awareness.

### Program Highlights:

The tree planting program commenced with a brief introduction to energy conservation and its significance. The students, accompanied by faculty members, enthusiastically planted a variety of indigenous trees in strategic locations across Gunthapally Village. The program not only aimed at enhancing the village's green cover but also at educating the local community about the pivotal role trees play in conserving energy and maintaining ecological balance.

### Community Involvement:

Local residents actively participated in the event, reinforcing the sense of unity and shared responsibility. Through interactive sessions and discussions, the students conveyed the importance of energy-efficient practices, emphasizing how trees contribute to reducing carbon footprint and conserving natural resources.

### Conclusion:

The tree planting program conducted by Avanathi Institute of Engineering and Technology's B Tech students showcased their commitment to environmental sustainability and energy conservation. The event served as an example of how educational institutions can play a vital role in fostering positive change in society.

**Report:** Village Cleaning Program by Avanathi Institute of Engineering and Technology B. Tech

Students at Gunthapally Village on 19-11-2022

Date: November 19, 2022.

Location: Gunthapally Village

### Introduction:

On November 19, 2022, a village cleaning program was organized by the B. Tech students of Avanathi Institute of Engineering and Technology at Gunthapally Village. The program aimed to contribute to the local community's well-being and promote environmental awareness among the students.

### Activities:

The event began with a brief orientation session, highlighting the importance of maintaining cleanliness and hygiene for a healthier environment. The students, divided into groups, actively participated in various cleaning activities, including picking up litter, cleaning public spaces, and raising awareness about waste segregation.

### Impact:

The enthusiastic participation of the students led to a significant improvement in the cleanliness of Gunthapally Village. The program not only enhanced the physical appearance of the village but also fostered a sense of responsibility among the students towards the environment and the community.

### Conclusion:

The village cleaning program organized by Avanathi Institute of Engineering and Technology's B. Tech students was a successful endeavor in promoting community engagement and environmental consciousness. Such initiatives play a pivotal role in nurturing socially responsible citizen.

## Report: SAY NO TO PLASTICS at AVIH Campus

Date: July 02, 2022

Venue: AVIH Campus

### Introduction:

In response to the pressing environmental concerns associated with plastic usage, a group of B. Tech students from Avanathi Institute of Engineering and Technology initiated a campaign to motivate local shopkeepers in AVIH Campus to ban plastic. The campaign aimed to raise awareness about the detrimental effects of plastic on the environment and encourage sustainable alternatives.

### Campaign Activities:

The students organized a series of activities on July 02, 2022, to engage the SAY NO TO PLASTICS and promote the plastic ban initiative:

1. Awareness Workshop: An interactive workshop was conducted to highlight the environmental hazards caused by plastic usage. The workshop emphasized the importance of adopting eco-friendly alternatives.
2. Distribution of Alternatives: Reusable cloth bags and paper bags were distributed among shopkeepers as an immediate replacement for plastic bags. This step aimed to demonstrate the feasibility of shifting away from plastic.

### Impact:

The campaign successfully motivated a significant number of local shopkeepers to commit to the plastic ban initiative. Many pledged to gradually eliminate single-use plastic bags and explore more sustainable packaging solutions.

### Conclusion:

The efforts of Avanathi Institute's B. Tech students marked an important step toward a more sustainable future in AVIH Campus. The awareness generated and the commitments made by the shopkeepers underscore the potential for positive change at the grassroots level.

### Report : Community outreach program on Energy Conservation

Date: February 12, 2022

Location: Gunthapally Village

#### Introduction:

On February 12, 2022, a group of B. Tech Students from Avanthi Institute of Engineering and Technology organized an energy conservation program in Gunthapally Village. The program aimed to raise awareness about energy efficiency and promote sustainable practices within the community.

#### Activities:

The program included various activities such as:

1. Awareness Workshops: Interactive workshops were conducted to educate villagers about the importance of energy conservation, its impact on the environment, and simple ways to save energy in daily life.
2. Energy Audits: Students performed energy audits in selected households to identify energy consumption patterns and suggest tailored strategies for reducing energy usage.
3. Renewable Energy Exhibition: An exhibition showcased renewable energy technologies like solar panels and wind turbines, highlighting their potential to provide clean and sustainable energy.

#### Community Engagement:

The villagers of Gunthapally participated enthusiastically in the event, showing a keen interest in adopting energy-saving practices. The event served as a platform for meaningful interactions between students and villagers, fostering a sense of shared responsibility for a greener future.

#### Conclusion:

The energy conservation program by Avanthi Institute of Engineering and Technology B. Tech students was a successful endeavor that promoted awareness and action towards sustainable energy practices in Gunthapally Village

**Report:** Village Cleaning Program by Avanthi Institute of Engineering and Technology It. Ted Students AVIH Campus on 24-Jan-2022

Dates January 24, 2022

Location: AVIH Campus

## Introduction:

On January 24, 2022, a village cleaning program was organized by the B. Tech students of Avanthi Institute of Engineering and Technology at AVIH Campus. The aim of the program was to promote cleanliness and hygiene, as well as to create awareness about waste management and environmental protection among the villagers.

## Activities:

The students, along with faculty members, gathered early in the morning and divided themselves into teams. The activities included cleaning streets, public spaces, and common area, as well as conducting educational sessions for the villagers on proper waste disposal methods and the importance of maintaining a clean environment.

## Community Engagement:

The villagers actively participated in the program, showing great enthusiasm and willingness to learn. The students interacted with them, sharing valuable insights about sustainable practices and ways to keep their surroundings clean. The program not only fostered a sense of responsibility among the villagers but also strengthened the bond between the institute and the local community.

## Impact:

The village cleaning program resulted in a visibly cleaner and more organized AVIH Campus. The awareness sessions left a positive impact on the villagers, who pledged to continue implementing the learned practices in their daily lives. The program contributed to the institute's commitment to community service and environmental conservation.

## Conclusion:

The village cleaning program conducted by Avanthi Institute of Engineering and Technology I.Tichstidents at AVIH Campus on January 24, 2022, was a successful initiative that promoted cleanliness, educated the villagers about waste management, and strengthened the Institute's connection with the local community.

**Report:** Tree Plantation Program by Avanathi Institute of Engineering and Technology B Tech Students

Date: 22-10-2021

Location: Gunthapally Village

### Introduction:

On 22nd October 2021, the B Tech students of Avanathi Institute of Engineering and Technology organized a tree plantation program in Gunthapally Village. The event aimed to contribute to environmental conservation and create awareness about the importance of trees in mitigating climate change.

### Program Details:

The event began with an inaugural ceremony, followed by an informative session on the significance of tree plantation. Students and villagers actively participated in planting a variety of native saplings around the village and its outskirts. The participants were educated on proper planting techniques and the maturing of young trees.

### Impact:

A total of 150 saplings were planted during the program, fostering a greener environment and enhancing the overall ecological balance of the area. The event also fostered community engagement and instilled a sense of responsibility among the students towards environmental sustainability.

### Conclusion:

The tree plantation program conducted by Avanathi Institute of Engineering and Technology students at Gunthapally Village on 22nd October 2021 was a successful endeavor towards creating a healthier and more sustainable environment. The active participation of students and villagers exemplified the dedication towards preserving nature for future generations.

**Report:** Awareness Program Report on Malaria and Effects of Open Water without Lids

Date: 24th April 2021

**Locations :** Gunthapally Village

### Introduction:

As Awareness program on malaria and the adverse effects of leaving open water containers without lids was conducted by the B. Tech students of Avanthi Institute of Engineering and Technology in Gunthapally Village. The aim of the program was to educate the local community about the prevention of malaria and the significance of proper water storage practices to mitigate health risks.

### Program Highlight:

The event started with an informative presentation on malaria, its transmission, and preventive measures. The students emphasized the importance of maintaining clean and covered water containers to prevent the breeding of mosquitoes, which are vectors for malaria. A detailed explanation of the life cycle of mosquitoes and their connection to stagnant water was provided.

### Community Engagement:

Interactive sessions and discussions followed, allowing the attendees to ask questions and clarify doubts. Visual aids such as posters and charts were used to enhance understanding. Additionally, the students distributed educational pamphlets outlining key takeaways from the session and guidelines for effective mosquito control.

### Impact and Feedback:

The program received positive feedback from the villagers who expressed gratitude for the valuable information shared. The attendees acknowledged their responsibility in maintaining hygienic living conditions to combat malaria. The event successfully raised awareness and empowered the community to take proactive measures.

### Conclusion:

The awareness program conducted by Avanthi Institute of Engineering and Technology's B. Tech students served as an effective platform to educate Gunthapally Village residents about malaria prevention and the essential role of properly covered water containers. The event fostered a sense of collective responsibility towards health and hygiene.

**Report:** Village Cleaning Program by Avanathi Institute of Engineering and Technology B. Tech Students at Gunthapally Village on 12-04-2021

Date: April 12, 2021

Location: Gunthapally Village

### Introduction:

On April 12, 2021, a village cleaning program was organized by the B. Tech students of Avanathi Institute of Engineering and Technology at Gunthapally Village. The program aimed to contribute to the local community's well-being and promote environmental awareness among the students.

### Activities:

The event began with a brief orientation session, highlighting the importance of maintaining cleanliness and hygiene for a healthier environment. The students, divided into groups, actively participated in various cleaning activities, including picking up litter, cleaning public spaces, and raising awareness about waste segregation.

### Impact:

The enthusiastic participation of the students led to a significant improvement in the cleanliness of Gunthapally Village. The program not only enhanced the physical appearance of the village but also fostered a sense of responsibility among the students towards the environment and the community.

### Conclusion:

The village cleaning program organized by Avanathi Institute of Engineering and Technology's B. Tech students was a successful endeavor in promoting community engagement and environmental consciousness. Such initiatives play a pivotal role in nurturing socially responsible citizen.

**Report:** Tree plantation Program by Avanathi Institute of Engineering and Technology B Tech Students

Date: 21st April 2021

Location: Gunthapally Village

### Introduction:

On 21st April 2021, a commendable initiative was undertaken by the B Tech students of Avanathi Institute of Engineering and Technology, aimed at promoting energy conservation through a tree planting program in Gunthapally Village. The event not only contributed to environmental sustainability but also fostered community engagement and awareness.

### Program Highlights:

The tree planting program commenced with a brief introduction to energy conservation and its significance. The students, accompanied by faculty members, enthusiastically planted a variety of indigenous trees in strategic locations across Gunthapally Village. The program not only aimed at enhancing the village's green cover but also at educating the local community about the pivotal role trees play in conserving energy and maintaining ecological balance.

### Community Involvement:

Local residents actively participated in the event, reinforcing the sense of unity and shared responsibility. Through interactive sessions and discussions, the students conveyed the importance of energy-efficient practices, emphasizing how trees contribute to reducing carbon footprint and conserving natural resources

### Conclusion:

The tree planting program conducted by Avanathi Institute of Engineering and Technology's B Tech students showcased their commitment to environmental sustainability and energy conservation. The event served as an example of how educational institutions can play a vital role in fostering positive change in society

**Report:** Awareness program on water conservation

Date: February 07, 2020

Location: ZPH High School, Gunthapally Village

Organized by: Avanathi Institute of Engineering and Technology B Tech Students

### Introduction:

On February 07, 2020, a water conservation awareness program was conducted by the B Tech students of Avanathi Institute of Engineering and Technology at ZPH High School in Gunthapally Village. Purpose of the program was to educate and raise awareness among the students about the importance of water conservation and sustainable water usage.

### Event Details:

The awareness program consisted of interactive presentations, informative videos, and discussions led by engineering students who shared valuable insights on the current water crisis and the need for responsible water management. The program aimed to sensitize the high school students about the significance of conserving water resources for future generations.

### Activities:

1. Presentation on Water Scarcity and Conservation
2. Screening of Educational Videos
3. Interactive Discussions on Water-Saving Practices
4. Distribution of Informational Pamphlets
5. Q&A Session

### Impact and Feedback:

The program received positive feedback from the ZPH High School students, who expressed their new found understanding of the importance of water conservation. Many students pledged to adopt water-saving practices in their daily lives and spread awareness within their families and communities.

### Conclusion:

The water conservation awareness program conducted by Avanathi Institute of Engineering and Technology & Tech students successfully conveyed the significance of responsible water usage to the ZPH High School students. Such initiatives play a crucial role in shaping a more environmentally conscious and sustainable future

**Report:** Village Cleaning Program by Avanathi Institute of Engineering and Technology B Tech Students at Gunthapally Village on 18-01-2020

Date: January 18, 2020

### Introduction:

On January 18, 2020, the students of Avanathi Institute of Engineering and Technology organized a village cleaning program at Gunthapally Village as a part of their community service initiative. The event aimed to promote cleanliness, hygiene, and community involvement among the students while contributing positively to the village's environment.

### Event Details:

The program began at 8:00 AM and was attended by a group of enthusiastic B Tech students. The students divided themselves into teams and undertook various cleaning activities such as sweeping streets, picking up litter, and cleaning public areas. The event also involved interactive sessions to educate the villagers about the importance of maintaining cleanliness and preserving the environment.

### Impact and Outcome:

The program not only resulted in a visibly cleaner village but also fostered a sense of responsibility and teamwork among the students. The villagers appreciated the efforts of the students and actively participated in the activities. This event exemplified the institute's commitment to community service and instilled a spirit of civic duty among the participants.

### Conclusion:

The village cleaning program conducted by the B Tech students of Avanathi Institute of Engineering and Technology was a resounding success. It showcased the of the students towards the betterment of society and served as an example of youth engagement in community development.

**Report:** Tree Plantation Program by Avanathi Institute of Engineering and Technology B Tech Students at AVIH Compus on 08-09-2018

### Introduction:

On 8th September 2018, students from Avanathi Institute of Engineering and Technology, pursuing their B Tech degrees, organized a tree plantation program in AVIH Compus. The initiative aimed to promote environmental awareness and contribute to the village's ecosystem.

### Event Details:

The tree plantation program involved the participation of over 100 students who planted a diverse range of saplings across the AVIH Compus. The event was guided by faculty members, emphasizing the importance of trees in maintaining ecological balance and addressing climate change concerns.

### Impact:

The program successfully contributed to the green cover of AVIH Compus. It raised awareness among the students and the local community about the significance of environmental conservation. The students learned hands-on lessons about sustainability and community engagement.

### Conclusion:

Avanathi Institute of Engineering and Technology's B Tech students demonstrated their commitment to environmental stewardship through the tree plantation program. The event served as a noteworthy example of academia-community collaboration for a sustainable future.

**Report:** Village Cleaning Program by Avurthi Institute of Engineering and Technology B. Tech students at Gunthapally Village

Date: February 28, 2019

### Introduction:

On February 28, 2019, students from Avanthi Institute of Engineering and Technology, pursuing their B. Tech degrees, organized a comprehensive Village Cleaning Program in Gunthapally Village, This initiative was aimed at promoting community engagement, environmental awareness, and fostering a spirit of cleanliness among the villagers.

### Program Details:

The event began at 9:00 AM with an inauguration ceremony led by the institute's faculty and village elders. The B. Tech students divided into teams and engaged in a variety of activities, including liter collection, waste segregation, and general cleanup of public spaces, streets, and alleys within the village. Additionally, they conducted awareness sessions on waste management and its significance.

### Impact and Outreach:

The program received an enthusiastic response from the villagers, who actively participated in the cleaning efforts alongside the students. The collaborative efforts resulted in a noticeable transformation of the village environment, leaving it cleaner and more organized. The students interactions and discussions during the awareness sessions contributed to raising the local community's consciousness about maintaining cleanliness

### Conclusion:

The Village Cleaning Program conducted by Avarthi Institute of Engineering and Technology's H Tech students not only left a tangible impact on Gunthapally Villager's cleanliness but also served as a reminder of the importance of collective responsibility towards environmental preservation. Such initiatives are vital for fostering a sense of community and encouraging sustainable practices
