ANALYSIS REPORT:

Based on the feed-back given by eight hundred and forty students, the following analysis report has been prepared:

- The curriculum has to be broad-based to include more up-to-date knowledge in all domains and emphasis has to be given on those topics which have relevance to the current job-market.
- The course has to be adapted to suit the time-frame allotted and the assessment scheme has to be made more objective to encourage students to be creative and original.
- The scope for self-learning has to be widened by giving more freedom to the student in terms of course material and learning platforms
- New topics should be included in the syllabus to reduce the gap between the industry and academia.
- More workshops, seminars and talks have to be arranged to make the students keep in touch with the latest developments in their branch of engineering.

Sub: Requesting the incorporation of suggested changes in B. Tech R-18 Curriculum

Sir,

We, Avanthi Institute of Engineering and Technology, Gunthapally, would like to bring to your notice some of the suggestions of various stake-holders viz., student, faculty, alumni, employers and parents feed-back on the relevance of the current curriculum to the job-market and ambience. As per the feed-back, we have come to the conclusion that a majority of stakeholders from different branches of Engineering have asked for the incorporation of some changes and updating of the current curriculum to match the needs of the industry and the present job-market.

The following suggestions have been made by different stake-holders:

1. May we bring the suggestion to allot credits for sports in the curriculum to your notice.
2. The stakeholders of all branches of engineering have suggested more industry-academia interface and incorporation of programs like soft-skills and life-long learning skills.

In this regard, we would like to request you to kindly look into the suggestions of the stakeholders and address the issue at the earliest.

Thanks, and regards,

Yours sincerely,
