(57) Abstract :

The exceptional improvements and up-gradation on the Internet along with the underlying technologies, smart sensors, communication technologies, etc. are providing the possibilities for integrating devices, machines, objects, and software for communication purposes without human mediation and involvement. These help in the development of new technology namely the Internet of Things (IoT). There are different kinds of wastes produced across different platforms among them bio-medical waste (BMW) plays a vital role in terms of both detection and classification. The waste is produced as the result of treatment, diagnosis, and immunization of human beings and animals is the bio-medical waste. The pharmaceutical manufacturing companies, medical clinics, and hospitals produce around 3.2 million tons of bio-medical waste annually amongst that half are considered infectious. Improper disposal of the waste leads to chronic diseases like tuberculosis, diabetes, and cancer. This has led to the need for a comprehensively complete approach that includes the process of 1. characterization, 2. quantification, 3. segregation 4. detection, 5. classification, and 6. treatment of the bio-medical waste. This invention is involved in the development of the smart medical waste management system. This system uses the deep learning algorithm in machine learning techniques for the classification of waste.

CERTIFICATE OF GRANT

INNOVATION PATENT

Patent number: 2021102531

The Commissioner of Patents has granted the above patent on 16 June 2021, and certifies that the below particulars have been registered in the Register of Patents.

Name and address of patentee(s):

Shaik.Shakeer Basha of Assistant Professor, Department of CSE Avanthi Institute of Engineering and Technology Gunthapalli, Hyderabad- 501512 India

Tulika Chakrabarti of Assistant Professor (Grade-A), Dept.of Chemistry, Sir Padampat Singhania University Udaipur Rajasthan 313601 India

Ananda Shankar Hati of Assistant Professor, (Electrical Engineering), Dept. of Mining Machinery Engineering Indian Institute of Technology (Indian School of Mines), Dhanbad, Jharkhand- 826004 India

Anirban Das of Professor, Dept. of Computer Science & Engineering, University of Engineering & Management Kolkata, West Bengal- 700160 India

Prathyusha. Kuncha of Associate Professor, Department of ECE, NRI Institute of Technology Pothavarappadu (V),Agiripalli (M) Vijayawada, Andhra Pradesh- 521212, India

S V N Sreenivasu of Professor, Dept.of Computer Science and Engineering, Narasaraopeta Engineering College Narasaraopet , Andhra Pradesh- 522601 India

Kandula Ravi Kumar of Associate Professor, Dept. of Mechanical Engineering International School of Technology and Science (For Women),Rajahmundry, Andhra Pradesh- 533294 India

Kowdodi Siva Prasad of Professor, Department of Mechanical Engineering, Hyderabad Institute of Technology and Management,Mandal, Gowdavelly Medchal, Hyderabad, Telangana -502401 India

Yogendra Kumar of Assistant professor, Department of Physics, VSP Government PG College Kairana, District - Shamli Uttar Pradesh - 247774 India

Ajay Kumar Singh of Professor (CSE), B - 204, Faculty Residence, NH-58 Meerut Institute of Engineering & Technology, Meerut, U.P, Pin 250005, India

Prasun Chakrabarti of Provost & Institute Endowed Distinguished, Senior Chair Professor, Techno India NJR Institute of Technology Udaipur Rajasthan - 313003 India

G.Naga Rama Devi of Professor, Dept. of Computer Science & Engineering, CMR Institute of Technology Kandlakoya,Medchal, Hyderabad-501401 India

Extracts from the Patents Act, 1990

Sec 120(1A) Infringement proceedings in respect of an innovation patent cannot be started unless the patent has been certified.

Sec 128 **Application for relief from unjustified threats**

- (1) Where a person, by means of circulars, advertisements or otherwise, threatens a person with infringement proceedings or other similar proceedings a person aggrieved may apply to a prescribed court, or to another court having jurisdiction to hear and determine the application, for:
- (a) a declaration that the threats are unjustifiable; and
 - (b) an injunction against the continuance of the threats; and
 - (c) the recovery of any damages sustained by the applicant as a result of the threats.
- (2) Subsection (1) applies whether or not the person who made the threats is entitled to, or interested in, the patent or a patent application.

Sec 129A **Threats related to an innovation patent application or innovation patent and courts power to grant relief.**

Certain threats of infringement proceedings are always unjustifiable.

- (1) If:
- (a) a person:
 - (i) has applied for an innovation patent, but the application has not been determined; or
 - (ii) has an innovation patent that has not been certified; and
 - (b) the person, by means of circulars, advertisements or otherwise, threatens a person with infringement proceedings or other similar proceedings in respect of the patent applied for, or the patent, as the case may be; then, for the purposes of an application for relief under section 128 by the person threatened, the threats are unjustifiable.

Courts power to grant relief in respect of threats made by the applicant for an innovation patent or the patentee of an uncertified innovation patent

- (2) If an application under section 128 for relief relates to threats made in respect of an innovation patent that has not been certified or an application for an innovation patent, the court may grant the applicant the relief applied for.

Courts power to grant relief in respect of threats made by the patentee of certified innovation patent

- (3) If an application under section 128 for relief relates to threats made in respect of a certified innovation patent, the court may grant the applicant the relief applied for unless the respondent satisfies the court that the acts about which the threats were made infringed, or would infringe, a claim that is not shown by the applicant to be invalid.

Schedule 1 **Dictionary**

certified, in respect of an innovation patent other than in section 19, means a certificate of examination issued by the Commissioner under paragraph 101E(e) in respect of the patent.

(37) Abstract :

The field of this investigation relates in Ecology to find the ammensalism effect on Humans on Plants population and Birds population. The Results are examined based on the analytical study of the mathematical model and interacting coefficients between the Humans, plants and Birds. The effects of delay are examined. The present investigation is an analytical study of a three species syn-ecological model which comprises human beings (N1), plants (N2) and birds (N3). Here plants and birds (like ducks and hens) are neutral to each other and humans are ammensal on the both. A time delay is introduced between humans and plants. All possible equilibrium points of model are identified and local stability for each case is discussed and the global stability is discussed by constructing suitable Lyapunov function. For the proposed model we examined local stability at equilibrium points and Global stability. In this examination we identified Fully washed out state, Humans and Plants Washed out state, Humans and Birds Washed out State and Plants and Birds washed out states are Unstable. Further we observed that only Humans washed out state, only Plants washed out state and only Birds washed out states are conditionally stable based on the interacting coefficients. Finally we observed that Co-existent state is globally asymptotically stable. If we introduce the time delay between Humans and Plants, then the Co-Existing state is also conditionally asymptotically stable. And the Delay argument in the interaction of Humans and Plants is significant in the stability analysis. Further, exact solutions of perturbed equations have been derived. The stability analysis is supported by numerical simulation using Mat Lab.

Main application/patent No. : NA		Date of filing of main application : NA				
12. DECLARATIONS						
(i) Declaration by the inventor(s) (In case the applicant is an assignee: the inventor(s) may sign herein below or the applicant may upload the assignment or enclose the assignment with this application for patent or send the assignment by post/electronic transmission duly authenticated within the prescribed period). We, the above named inventor(s) are the true & first inventor(s) for this Invention and declare that the applicant(s) herein are our assignee or legal representative.						
NAME		SIGNATURE			DATE	
Dr. VASAM SREENIVAS					12/09/2022	

Dr. MALLARAM ARUNA		12/09/2022
Dr. K. SHYLAJA		12/09/2022
Dr. A. NAGARJUNA		12/09/2022
Mr. N. KOTILINGAIAH		12/09/2022

(ii) Declaration by the applicant(s) in the convention country
(In case the applicant in India is different than the applicant in the convention country: the applicant in the convention country may sign herein below or applicant in India may upload the assignment from the applicant in the convention country or enclose the said assignment with this application for patent or send the assignment by post/electronic transmission duly authenticated within the prescribed period)

We, the applicant(s) in the convention country declare that the applicant(s) herein are our assignee or legal representative.

- (a) Date
(b) Signature(s) -----NA-----
(c) Name(s) of the signatory

(iii) Declaration by the applicant(s)

- We the applicant(s) hereby declare(s) that: -
- We are in possession of the above-mentioned invention.
- The provisional/complete specification relating to the invention is filed with this application.
- ~~The invention as disclosed in the specification uses the biological material from India and the necessary permission from the competent authority shall be submitted by me/us before the grant of patent to me/us.~~
- There is no lawful ground of objection(s) to the grant of the Patent to me/us.
- We are the true & first inventor(s).
- We are the assignee or legal representative of true & first inventor(s).
- ~~The application or each of the applications, particulars of which are given in Paragraph 8, was the first application in convention country/countries in respect of our invention(s).~~
- ~~We claim the priority from the above mentioned application(s) filed in convention country/countries and state that no application for protection in respect of the invention had been made in a convention country before that date by me/us or by any person from which I/We derive the title.~~
- ~~Our application in India is based on international application under Patent Cooperation Treaty (PCT) as mentioned in Paragraph 9.~~
- ~~The application is divided out of my /our application particulars of which is given in Paragraph 10 and pray that this application may be treated as deemed to have been filed on DD/MM/YYYY under section 16 of the Act.~~
- ~~The said invention is an improvement in or modification of the invention particulars of which are given in Paragraph 11.~~

13. FOLLOWING ARE THE ATTACHMENTS WITH THE APPLICATION (a) Form 2

Item	Details	Fee	Remarks
Complete specification	No. of pages : 15		
No. of Claim(s)	No. of claims : 09 and No. of pages :01		
Abstract	No. of pages :01		
No. of Drawing(s)	No. of drawings :- and No. of pages:-		

In case of a complete specification, if the applicant desires to adopt the drawings filed with his provisional specification as the drawings or part of the drawings for the complete specification under rule 13(4), the number of such pages filed with the provisional specification are required to be mentioned here.

IAENG INTERNATIONAL ASSOCIATION OF ENGINEERS

Date: 8 September 2020

To Whom It May Concern:

Official Letter for the IAENG Membership

Member Name: Dr. SRILAPUREDDY KISHOREREDDY

Member Number: 128215

IAENG is a non-profit international association for the engineers and the computer scientists. IAENG has been found by a group of engineers and computer scientists from over thirty different countries. Our goals are to promote the co-operation between the professionals in various fields of the engineering and to cultivate an environment for the advance and development of the technology. Our objectives include:

- Promoting the interactions between the engineers;
- Advancing the application of engineering techniques from the academics to the industry;
- Facilitating the exchange of information and ideas among the engineers and scientists freely.

This letter is to certify that the above person is an IAENG member. For the information about IAENG Membership, please visit our website <http://www.iaeng.org/membership.html>

If you have any question, you are very welcome to contact us at any time.

Best regards,

Joan Mok
Assistant Secretary
International Association of Engineers (IAENG)
<http://www.iaeng.org>

INTELLECTUAL PROPERTY RIGHT (IPR) CELL

The Avanthi institute of engineering & technology (AIET) recognizes the importance of generation of intellectual property by its teachers and students. The college is committed to do all that is within its powers and obligations to encourage the creativity and innovation of its people, which can lead to generation of intellectual property (IP). This cell provides support and guidance to the engineering students and staff in protecting their inventions and creations. The cell is also committed to the common people of our society. It supports common people, who approach the cell, to shape their innovative ideas and guide them to obtain IP right. The activities of this IPR Cell in AIET are in alignment with the objectives of the Patent Information Centre.

In a world increasingly propelled by technology, college research is the foundation of any nation's economic growth. College takes concerted efforts to align its focus with the national goal of achieving technological self-reliance by encouraging interdisciplinary research and institutional collaborative research.

IPR cell adopt a sound IP strategy, to secure IPR for a large base of knowledgeable Faculty and highly talented Students in the College. Regular project and research activities of college having innovation potential. So, we are in the process of setting up structured processes to identify, facilitate and develop innovation.

In corporate organizations, almost always, there is an exclusive unit dedicated to strategizing on issues of IP. The motivation for this, of course, is to secure optimal commercial returns on the IP. However, the scenario is different in academic institutes such as ours. Here, the returns, in terms of goodwill and portfolio enhancement, are more important than commercial returns.

AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, Reg. By Govt. of T.S & Affiliated to JNTUH, Hyderabad)

NAAC "B++" Accredited Institute

Gunthapally (V), Abdullapurmet(M), RR Dist, Near Ramoji Film City, Hyderabad -501512.

www.aictg.ac.in email: principal.avanthi@gmail.com

Research is believed in the Institute as practice of profession and not career. IPR cell is here to provide relevant, timely and targeted support to inventors in protecting their IPR and to boost confidence in generating IPR to make our Institute Self-Reliance in Finances

The major objective of the IPR Cell includes:

- To create an awareness about IPR for faculties and students of the College
- To conduct workshops, seminars and training course on IPR.
- To disseminate knowledge on patents, patent regime in India and abroad and registration aspects.
- To impart training on future endeavors regarding patent filing processes
- To encourage faculty members and scholars to go for patentable works
- To advice and guide students and faculty on the importance of IPR
- To support common people to obtain protection for their inventions / innovative ideas
- Conducting workshop to bring awareness and values added research
- To bring awareness on patent and intellectual project rights
- encourage the faculty for new developments, innovation

A Primer on Intellectual Property (IP)

Intellectual property refers to creations of the mind; such as designs, music, art, technological inventions and writing. It is the legal rights for intellectual activity undergone in the industrial, scientific, literary and artistic fields.

Types of IPR

Patents

A Patent is a statutory right for an invention granted for a limited period of time to the patentee by the government, in exchange of full disclosure of their invention for excluding others, from making, using, selling, importing the patented product or process for producing that product for those purposes without his consent

Designs

'Design' means only the features of shape, configuration, pattern or ornament or composition of lines or colour or combination thereof applied to any article whether two dimensional or three dimensional or in both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye

Trademarks

A trademark is a visual symbol which may be a word signature, name, device, label, numerals or combination of colours used by one undertaking on goods or services or other articles of commerce to distinguish it from other similar goods or services originating from a different undertaking

Copyrights

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights

www.aictg.ac.in email: principal.avanthi@gmail.com

including, rights of reproduction, communication to the public, adaption and translation of the work. There could be slight variations in the composition of the rights depending on the work

Geographical indications

Geographical indications of goods are defined as that aspect of industrial property which refer to the geographical indication referring to a country or to a place situated therein as being the country or place of origin of that product

Plant variety protection

Protection granted for plant varieties, the rights of farmers and plant breeders and to encourage the development of new varieties of plants

Semiconductor Integrated circuits layout – Design

Protection granted for layout design in semiconductor integrated circuit and for matters connected therewith

INCUBATION & INNOVATION CENTRE

Introduction

Avanathi Institute of Engineering & Technology, Hyderabad is sponsored by Avanathi Educational Society, established in the year 2005, with the able leadership of Sri.M.SrinivasaRao, came into being with a congregation of dedicated academicians and able administrators in the field of higher education and learning. This Institution has achieved NAAC accreditation for period of 5 years from 2018 to 2023. . The society has grown into a large group of more than 13 educational institutions having student strength more than 25,000 pursuing education in the field of Engineering & Technology, science, commerce, IT & Management under this fold.

Career in today's dynamic environment needs, choosing the better location as a bench mark to realize the goals and objectives. A dream of education today, tomorrow and everyone know what was yesterday.

It is the basic building block required in the initial stages of start-ups. Incubation centers are an essential component of any start-ups ecosystem. Furthermore, through an incubation Centre, students obtain practical knowledge with the contemporary tools and technological advancements. AIET is encouraging all stakeholders to come towards with the objective to acknowledge their own strengths

Entrepreneurship in India is on the verge of explosive growth. And one important cog in the wheel is the incubator – the place where startups are born. A startup is incubated in Incubation Centre, which gives them a chance to bring their business in shape, before they reach out to the world

Incubation policies and procedures are defined for the operational matters related to Incubation Centre at AIET, Hyderabad. The policy is subject to periodical review and amendments.

Vision:

The primary vision of incubation Centre is to facilitate a platform for a budding entrepreneur to start a business venture with minimum risks

Mission:

- The mission of Incubation Centre is to nurture and empower the next generation entrepreneurs to serve the local problems.

www.aietg.ac.in email: principal.avanthi@gmail.com

- The students, research scholars, faculty and alumni of AIET can come up with their ideas which might lead to the startup.

Objectives of Incubation Center

- To develop and encourage a culture of creativity on campus.
- To promote a thirst in start-ups and build a vibrant start-up ecosystem on campus. To help in developing Innovative Ideas to take care of Societal needs.
- Giving students guidance in order to develop solutions to problems in the real world.

To transform ideas into products and establish a platform for easy production that has minimal commercial values

Incubation center at AIET is open to

- i. Faculty members of AIET.
- ii. Students of AIET
- iii. Research Scholars.
- iv. Alumina of AIET.
- v. R & D partners of AIET.

Admission Procedure

AIET VLSI Incubation center, invites applications from potential technology startups to avail the services of AIET business incubator. The process of selection is detailed under selection process. At the opening level, applicants for admission in business incubator will be required to submit filled application; the application can be availed from the AIET office. A brief idea about the technology and business, type of research or development assistance needed, availability of start-up capital, services expected from AIET and declaration that the details shared are not for any trade or commercial secret.

Selection Process

A panel of eminent technocrats will process the applicants, interview the promoters will be held and select the ventures for VLSI incubation after carefully evaluating the business idea, market availability, potential value of the technology, growth prospects, innovative content and promoter team. The panel will consist

- i. Management representative – Patron
- ii. Principal, AIET – Chairperson
- iii. One senior Professor, AIET – Convener

- v. Department faculty- senior faculty
- vi. MANAC INFOTECH PVT LTD COMPANY PERSONS

Intellectual Property

Intellectual Property (IP) can be a patent, software code, copyright, design registration, developed product, or alike. IP for incubation purpose will be assessed based on the following details:

- a. Whether any seed grant (from public or private sources) has been used in developing the technology which will go into the product(s) of the proposed company.
- b. If yes, details of the understanding with the funding agency in terms of sharing of the IP
- c. Whether any people other than the applicants have worked on the technology and if their work will be incorporated in the product(s). If yes, whether such other person has a right in IP ownership.
- d. If the IP is developed at AIET, Hyderabad, whether any AIET infrastructure (hardware, testing setup, instrumentation, computing resources, processes) has been used in developing the technology that will go into the product(s).
- e. e. If the IP is developed at AIET, whether any consultancy projects were executed in the proposed area. f. A statement from the “owners/ innovators/ creators” of IP to the effect that they are the “owners/ innovators/ creators” of IP as the case may be.

Applicants, who are current faculty or students or alumnae of AIET, aspiring for incubation shall first obtain necessary permission and approval from the Institute for transfer / licensing to use IP in favor of prospective incubate companies in the Business Incubator intended to be promoted/ supported by the inventor. The companies or promoters/founders will pay consideration in lieu of the transfer / licensing of / permission to use IP in their favour, which will be decided by AIET, Hyderabad.

Infrastructure and Services Provided to Incubate

Upon admission to business incubator, the following infrastructural facilities will be offered to the incubate companies on an individual basis, along with a set of shared/ common infrastructure mentioned herein under:

- Office space
- Internet connection

WHEREAS:

"MIPL" is a Training Partner associated with various corporate for providing training to the students as part of their CSR activity

1. AVIH College is an Educational institution affiliated to Jawaharlal Technological University Hyderabad. The College offers various Graduate & Post Graduate Courses in Engineering Courses.
2. AVIH College is willing to enter into a Memorandum of Understanding (MOU) with "MIPL" for the skills enhancement initiative through Career Clap, the technology platform and other face to face initiatives.

NOW IT IS HEREBY AGREED BY AND BETWEEN THE PARTIES HERETO AS UNDER:

1. Objective:

The objective of this MOU is to enable students of AVIH College access resources that would enhance their employability.

2. Period of MOU:

This MOU shall come into force and effect from the date of execution and shall remain valid for a period of Five years from such date after which the same may be reviewed by either party. However, if the same is not renewed this arrangement will be deemed terminated on the expiry of the said duration period.

3. Roles & Responsibilities of the College:

- a. The College shall be responsible to nominate one person with adequate accountability and responsibility to coordinate the engagement. The person so appointed would act as the single point of contact (SPOC) for the proposed initiative.

Sub: Requesting to held a Meeting regarding Research & Development cell

Respected Sir,

I would like to ask you permission to allow us to conduct a meeting regarding the activities and further Developments in R & D cell. I am conducting the meeting among all the coordinators from all the Departments.

The meeting would last about 1hour and would be arranged at a time convenient to the faculty schedule. If you agree, kindly sign below acknowledging your consent and permission for me to conduct this meeting at our conference hall.

Your approval to conduct this meeting will be greatly appreciated.

Sincerely,

Dr S KISHORE REDDY

6	Mr G SRINIVAS	R&D Coordinator	Electronics & Communication Engineering
7	Mr S RAJENDRA	R&D Coordinator	Computer Science Engineering
8	Dr B NAYEEMA	R&D Coordinator	MASTER OF BUSINESS ADMINISTRATION

AGENDA

- To review the previous events and club activities.
- To discuss about the on-going and submitted externally funded projects
- To provide the opportunity for the students to actively participate in the club activities.
- To discuss about the initiation of Incubation Centers
- To discuss about the methods to encourage publication of Papers and Books
- If any other point to be discussed with the permission of the chair.

Meeting Outcome:

- All the Department HOD's discussed about their 22-23 Academic year contributions of faculty and Students regarding research activities.
- The Principal has insisted to all the HOD's to cope up all the students to actively take part in club Activities and to take necessary action plans in beneficial to the students.
- The Principal insisted to conduct a seminar on booming technology regarding telecommunication.
- The R & D Cell has emphasized the need of Incubation centers in order to inculcate research at student Level.

Finally ensured all the agenda points and meeting was closed with mutual wishes and also decided to have a review meeting once for every month.

7	Mr S RAJENDRA	R&D Coordinator	Computer Science Engineering
8	Dr B NAYEEMA	R&D Coordinator	Master Of Business Administration

AGENDA

- To review the previous events and club activities.
- To discuss about the on-going and submitted externally funded projects
- To provide the opportunity for the students to actively participate in the club activities.
- To discuss about the initiation of Incubation Centers
- To discuss about the methods to encourage publication of Papers and Books
- If any other point to be discussed with the permission of the chair.

Meeting Outcome:

- All the Department HOD's discussed about their 22-23 Academic year contributions of faculty and Students regarding research activities.
- The Principal has insisted to all the HOD's to cope up all the students to actively take part in club Activities and to take necessary action plans in beneficial to the students.
- The Principal insisted to conduct a seminar on booming technology regarding IOT.
- The R & D Cell has emphasize the need of Incubation centers in order to inculcate research at student

Level.

Finally ensured all the agenda points and meeting was closed with mutual wishes and also decided to have a review meeting once for every month.

In our college, we encourage student clubs as they allow students to explore their ideas, develop their abilities, and prepare them for life. Student groups provide a forum for the exchange of novel ideas and perspectives. It aids in the transformation and overall development of students. The Clubs are specifically designed to assist students in becoming involved and finding their own space on campus.

RESEARCH & DEVELOPMENT CELL

Objective:

To render advice and guidance for future growth on research related issues to the top management a "Research & Development Cell" is being constituted with the following members.

Functions:

- The committee shall encourage the faculty and students on publication of research articles by sending deserving entries to journals
- Inculcate the concept of research among students & staff by arranging paper presentation competitions

Identifying members of the faculty who have are orientation towards research activities.

- Organizing National and International Conferences
- Scrutinize, guide student projects(B.Tech/M.Tech) and suggest measures to develop projects to convert them into a viable Research Project.
- Organizing Short Term Training Programs and workshops
- To advice on thrust areas and disciplines for introducing research programmes and related activities for future development in research.
- ❖ To suggest measures for improving existing infrastructural facilities both for academic and sponsored research and enhancing research ambiance.

Facilitate submission of project reports to AICTE / UGC / DRDO/ DST to facilitate funding, fetch grants etc.

Meeting Outcome:

- All the Department HOD's discussed about their 18-19 Academic year contributions of faculty and Students regarding research activities.
- The Principal has insisted to all the HOD's to cope up all the students to actively take part in club Activities and to take necessary action plans in beneficial to the students.
- The Principal insisted to conduct a seminar on booming technology regarding automation technologies.
- The R & D Cell has emphasized the need of Incubation centers in order to inculcate research at student Level.

Finally ensured all the agenda points and meeting was closed with mutual wishes and also decided to have a review meeting once for every month.

RESEARCH & DEVELOPMENT CELL

Avanthi Institute of Engineering & Technology has established important scientific industrial R&D Operations with the purpose and mission of pursuing and promoting research in frontier Technologies as well as various engineering disciplines.

AVIH created a Research and Development cell to instill research and innovation talents in staff and students. R&D Cell provides a platform for young brains in the Institute to grow in terms of creativity and invention. Only rigorous R&D efforts will result in innovative achievements

In our college, we encourage student clubs as they allow students to explore their ideas, develop their abilities, and prepare them for life. Student groups provide a forum for the exchange of novel ideas and perspectives. It aids in the transformation and overall development of students. The Clubs are specifically designed to assist students in becoming involved and finding their own space on campus.

Sub: Requesting to held a Meeting regarding Research & Development cell

Respected Sir,

I would like to ask you permission to allow us to conduct a meeting regarding the activities and further Developments in R & D cell. I am conducting the meeting among all the coordinators from all the Departments.

The meeting would last about 1hour and would be arranged at a time convenient to the faculty schedule. If you agree, kindly sign below acknowledging your consent and permission for me to conduct this meeting at our conference hall.

Your approval to conduct this meeting will be greatly appreciated.

Sincerely,

Dr. Kishore Reddy

IOT CLUB

Logo:

About:

Welcome to the future, where everyone and everything is connected to the internet. We already use THE INTERNET OF THINGS in our daily lives, with smart phones, tablets, computers, and televisions that are internet-connected. These devices are intended for internet use. People are now Using the internet; if it begins to use things, our lives may be made easier. The IoTClub is a resource for the most recent information on the Internet of Things.

Objectives:

- Make aware about modern IOT tools and methodologies
- Acquire knowledge in current IOT research domain and IOT application
- To enhance technical skills in the IOT domain
- Influence professional practice in technical education
- Develop the project prototype by channeling development in terms of academic qualifications and imbibing training.
- To encourage students in innovation and research fields.

SPARK CLUB

Logo:

About:

The SPARK Clubs a student-run organization that provides resources, hosts activities/events, and aims to build a welcoming social setting for electrical & electronics engineering students and anyone interested in electrical engineering. We represent the electrical & electronics engineering students to the other branches, Faculty, and to external organizations by giving them a voice in academic affairs and open opportunities to interact with professional engineers and researchers. It advocate for electrical engineering students' needs to the faculty & department.

Objectives:

- To enhance the technical innovativeness of our institute students by organizing the workshops and competitions on various technical level in order to attract the interest of the students towards technical aspects of their education.
- To develop a comprehensive knowledge of electronics and bring about projects based on core electronics gave the initiation to Electronics Club activities.
- To provide a platform where the students can put their innovative efforts and clear their doubts to transform them into reality.
- To enhance the opinion and the dissenting opinion through the club's activities.
- To provide an exposure to the latest updates in the field of electrical engineering
- To encourage students in non-conventional energy sector

About:

Welcome to the future, where everyone and everything is connected to the internet. We already use THE INTERNET OF THINGS in our daily lives, with smart phones, tablets, computers, and televisions that are internet-connected. These devices are intended for internet use. People are now Using the internet; if it begins to use things, our lives may be made easier. The IoTClub is a resource for the most recent information on the Internet of Things.

Objectives:

- Make aware about modern IOT tools and methodologies
- Acquire knowledge in current IOT research domain and IOT application
- To enhance technical skills in the IOT domain
- Influence professional practice in technical education
- Develop the project prototype by channeling development in terms of academic qualifications and imbibing training.

Respected Sir,

Sub: Request for approval to conduct a webinar on "solar energy generation "-reg.

This is to inform you that Spark club of Department of Electrical & Electronics Engineering is planning to organize a webinar on "solar energy generation"-on 08/11/22020

Thanking you Sir,

Yours Sincerely
HOD (EEE)

Logo:

About:

To improve and impart futuristic and innovative technological education for the excellence of Electronics and Communication Engineering with new ideas and innovation to meet industrial expectations and social needs with ethical and global awareness reinforced by an efficient research platform for the advancement of humanity. Through its innovative hardware and software, ECE Club is dedicated to providing the finest experience to students, educators, creative professionals, and Consumers worldwide.

Objectives:

- To encourage students towards research objectives.
- To get the students of ECE club placed into the core organizations
- To technically strengthen the students by integrating their skills in the various fields of Engineering & technology, to cope up with the highly competitive environment.
- To skill students to the updating analysis methods and design techniques.

About:

Welcome to the future, where everyone and everything is connected to the internet. We already use THE INTERNET OF THINGS in our daily lives, with smart phones, tablets, computers, and televisions that are internet-connected. These devices are intended for internet use. People are now Using the internet; if it begins to use things, our lives may be made easier. The IoTClub is a resource for the most recent information on the Internet of Things.

Objectives:

- Make aware about modern IOT tools and methodologies
- Acquire knowledge in current IOT research domain and IOT application
- To enhance technical skills in the IOT domain
- Influence professional practice in technical education
- Develop the project prototype by channeling development in terms of academic qualifications and imbibing training.

ECE CLUB

Logo:

About:

To improve and impart futuristic and innovative technological education for the excellence of Electronics and Communication Engineering with new ideas and innovation to meet industrial expectations and social needs with ethical and global awareness reinforced by an efficient research platform for the advancement of humanity. Through its innovative hardware and software, ECE Club is dedicated to providing the finest experience to students, educators, creative professionals, and Consumers worldwide.

Objectives:

- To technically strengthen the students by integrating their skills in the various fields of Engineering & technology, to cope up with the highly competitive environment.
- To skill students to the updating analysis methods and design techniques.
- To encourage students towards research objectives.
- To get the students of ECE club placed into the core organizations
- To encourage students in innovation and research
- To Excel students in academics activities.
- To encourage students in smart thinking.
- To encourage students to design innovative project models.

SPARK CLUB

Logo:

About:

The SPARK Clubs a student-run organization that provides resources, hosts activities/events, and aims to build a welcoming social setting for electrical & electronics engineering students and anyone interested in electrical engineering. We represent the electrical & electronics engineering students to the other branches, Faculty, and to external organizations by giving them a voice in academic affairs and open opportunities to interact with professional engineers and researchers. It advocate for electrical engineering students' needs to the faculty & department.

Objectives:

- To enhance the technical innovativeness of our institute students by organizing the workshops and competitions on various technical level in order to attract the interest of the students towards technical aspects of their education.
- To develop a comprehensive knowledge of electronics and bring about projects based on core electronics gave the initiation to Electronics Club activities.
- To provide a platform where the students can put their innovative efforts and clear their doubts to transform them into reality.

To provide an exposure to the latest updates in the field of electrical engineering

- To encourage students in non-conventional energy sector
- To enhance the opinion and the dissenting opinion through the club's activities

ENTREPRENEURSHIP DEVELOPMENT CELL

An Entrepreneurship Development Cell was established in the college to encourage the students' sense of entrepreneurship. The Cell strives to establish an entrepreneurial ecosystem on campus and offers students a platform to develop ideas into financially viable technological businesses. The cell's goal is to outfit faculty members who are enthusiastic about putting programs into action. Since its start, the cell has pushed students to consider options outside of internships and jobs. To boost the students' business spirit, numerous inspirational speeches and awareness campaigns are held.

ENTREPRENEURSHIP DEVELOPMENT CELL

An Entrepreneurship Development Cell was established in the college to encourage the students' sense of entrepreneurship. The Cell strives to establish an entrepreneurial ecosystem on campus and offers students a platform to develop ideas into financially viable technological businesses. The cell's goal is to outfit faculty members who are enthusiastic about putting programs into action. Since its start, the cell has pushed students to consider options outside of internships and jobs. To boost the students' business spirit, numerous inspirational speeches and awareness campaigns are held.

ENTREPRENEURSHIP DEVELOPMENT CELL

An Entrepreneurship Development Cell was established in the college to encourage the students' sense of entrepreneurship. The Cell strives to establish an entrepreneurial ecosystem on campus and offers students a platform to develop ideas into financially viable technological businesses. The cell's goal is to outfit faculty members who are enthusiastic about putting programs into action. Since its start, the cell has pushed students to consider options outside of internships and jobs. To boost the students' business spirit, numerous inspirational speeches and awareness campaigns are held.

Departmental ED Committee Members

ABOUT AVANTHI

Avanthi Institute of Engineering & Technology, Hyderabad is sponsored by Avanthi Educational Society, established in the year 2005, with the able leadership of Sri. M. Srinivasa Rao, came into being with a congregation of dedicated academicians and able administrators in the field of higher education and learning. This institution has achieved NAAC accreditation for period of 5 years. UG Programs CSE and ECE are accredited by NBA (National Board of Accreditation). The society has grown into a large group of more than 13 educational institutions having student strength more than 25,000 pursuing education in the field of Engineering & Technology, science, commerce, IT & Management under this fold. Career in today's dynamic environment needs, choosing the better location as a benchmark to realize the goals and objectives. A dream of education today, tomorrow and everyone know what was yesterday.

It is a top ranked institution in engineering education in terms of academics & placements. The college offers UG programs in EEE, ECE, CSE & PG programs in ES, VLSI, CSE. The College has state of the art infrastructure, resource facilities, well-furnished lecture halls, highly equipped labs, library & well-furnished canteen.

ABOUT DEPARTMENT OF MBA

The department of MBA in Avanthi was started with an intake of 60 students. The department has well established and highly qualified faculty to fulfill the aspirations of student community. The department strives to shape students into critical, and independent thinker.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals / from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT SEMINAR

The Seminar on Effective Research Paper Writing Skills is a valuable platform designed to enhance participants' proficiency in crafting high-quality research papers. Geared towards academics, researchers, and students, the seminar covers essential aspects of the research paper writing process. Attendees gain insights into formulating clear research questions, structuring papers effectively, and mastering citation and referencing styles. The seminar also addresses critical elements such as literature review, methodology, and result interpretation. Practical tips for overcoming common writing challenges are shared, along with strategies for publication success.

Seminar on Effective research paper writing Skills

Details of the Resource Person: Sri ramulu, Professor, Osmania University

No. of Participants: 28

Sri ramulu, Professor, Osmania University

Explaining about Effective research paper writing Skills

A one-day Seminar on "Effective research paper writing Skills" has been organized by the Department of MBA, Avanathi Institute of Engineering and Technology, Guntapally, on 14/12/2022. Sri ramulu has discussed **Effective research paper writing** is a piece of academic writing that provides analysis, interpretation, and argument based on in-depth independent research. Research papers are similar to academic essays, but they are usually longer and more detailed assignments. This step-by-step guide takes you through the entire writing process, from understanding your assignment to proofreading your final draft. There are many ways to generate an idea for a research paper, from brainstorming with pen and paper to talking it through with a fellow student or professor.

ABOUT AVANTHI

Avanthi Institute of Engineering & Technology, Hyderabad is sponsored by Avanthi Educational Society, established in the year 2005, with the able leadership of Sri. M. Srinivasa Rao, came into being with a congregation of dedicated academicians and able administrators in the field of higher education and learning. This institution has achieved NAAC accreditation for period of 5 years. UG Programs CSE and ECE are accredited by NBA (National Board of Accreditation). The society has grown into a large group of more than 13 educational institutions having student strength more than 25,000 pursuing education in the field of Engineering & Technology, science, commerce, IT & Management under this fold. Career in today's dynamic environment needs, choosing the better location as a bench mark to realize the goals and objectives. A dream of education today, tomorrow and everyone know what was yesterday.

It is a top ranked institution in engineering education in terms of academics & placements. The college offers UG programs in EEE, ECE, CSE & PG programs in ES, VLSI, CSE. The College has state of the art infrastructure, resource facilities, well-furnished lecture halls, highly equipped labs, library & well-furnished canteen.

ABOUT DEPARTMENT OF MBA

The department of MBA in Avanthi was started with an intake of 60 students. The department has well established and highly qualified faculty to fulfill the aspirations of student community. The department strives to shape students into critical, and independent thinkers.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT SEMINAR

The Seminar on Intellectual Property Rights (IPR) is a comprehensive session designed to elucidate the significance and nuances of intellectual property in various industries. Covering patents, trademarks, copyrights, and trade secrets, the seminar aims to foster an understanding of legal frameworks and protection mechanisms. Experts in intellectual property law guide participants through the intricacies of securing and managing intellectual assets. Attendees gain insights into the role of IPR in innovation, technology transfer, and business strategies. Case studies and real-world examples illuminate the impact of IPR on diverse sectors. Whether for entrepreneurs, researchers, or legal professionals, this seminar provides a valuable platform for navigating the complex landscape of intellectual property, ensuring participants are well-informed.

Seminar on IPR

Details of the Resource Person: Sri Nivas, Professor, Osmania University

No. of Participants: 28

Sri Nivas, Professor, Osmania University Explaining about IPR

A one-day Seminar on "IPR" has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 22/09/2022. Sri Nivas has discussed regarding One area can be characterized as the protection of distinctive signs, in particular trademarks (which distinguish the goods or services of one undertaking from those of other undertakings) and geographical indications (which identify a good as originating in a place where a given characteristic of the good is essentially attributable to its geographical origin). The protection of such distinctive signs aims to stimulate and ensure fair competition and to protect consumers, by enabling them to make informed choices between various goods and services. The protection may last indefinitely, provided the sign in question continues to be distinctive.

ABOUT AVANTHI

Avanthi Institute of Engineering & Technology, Hyderabad is sponsored by Avanthi Educational Society, established in the year 2005, with the able leadership of Sri. M. Srinivasa Rao, came into being with a congregation of dedicated academicians and able administrators in the field of higher education and learning. This institution has achieved NAAC accreditation for period of 5 years. UG Programs CSE and ECE are accredited by NBA (National Board of Accreditation). The society has grown into a large group of more than 13 educational institutions having student strength more than 25,000 pursuing education in the field of Engineering & Technology, science, commerce, IT & Management under this fold
Career in today's dynamic environment needs, choosing the better location as a benchmark to realize the goals and objectives. A dream of education today, tomorrow and everyone know what was yesterday

ELIGIBILITY

The department of MBA in Avanthi was started with an intake of 60 students. The department has well established and highly qualified faculty to fulfill the aspirations of student community. The department strives to shape students into critical, and independent thinker.

ABOUT DEPARTMENT OF MBA

It is a top ranked institution in engineering education in terms of academics & placements. The college offers UG programs in EEE, ECE, CSE & PG programs in ES, VLSI, CSE. The College has state of the art infrastructure, resource facilities, well-furnished lecture halls, highly equipped labs, library & well-furnished canteen.

The course is open to faculty from AICTE approved Engineering colleges / institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT SEMINAR

The Seminar on Entrepreneurship is a dynamic event aimed at inspiring and educating individuals about the entrepreneurial journey. This seminar provides a platform for aspiring entrepreneurs and business enthusiasts to gain valuable insights into the world of entrepreneurship. Renowned speakers and successful entrepreneurs share their experiences, strategies, and lessons learned, offering practical guidance on starting and growing a business. Topics may include idea generation, business planning, funding options, market analysis, and the importance of innovation. The seminar fosters a collaborative environment, encouraging networking among participants and industry experts. Whether participants are looking to launch their own ventures or simply seeking entrepreneurial knowledge.

Seminar on Entrepreneurship

Details of the Resource Person: V Sekhar, Professor, Osmania University

No. of Participants: 46

V Sekhar, Professor, Osmania University Explaining about Entrepreneurship

A one-day Seminar on "Entrepreneurship" has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 20/09/2022. V Sekhar has discussed an **entrepreneur** is an individual who creates and/or invests in one or more businesses, bearing most of the risks and enjoying most of the rewards. The process of setting up a business is known as "entrepreneurship". The entrepreneur is commonly seen as an innovator, a source of new ideas, goods, services, and business/or procedures. More narrow definitions have described entrepreneurship as the process of designing, launching and running a new business, which is often similar to a small business, or make a profit". While definitions of entrepreneurship typically focus on the launching and running of businesses, due to the high risks involved in launching a startup company, a significant proportion of startups have to due to "lack of funding, bad business decisions, government policies, an economic crisis, a lack of market demand, or a combination of all of these."

Guntapally

18-07-2022

To,

The Principal,

Avanthi Institute of Engineering and Technology, Guntapally,

Hyderabad.

Sub: Request for an approval to conduct a workshop on "**Research Methodology**" -reg.

This is to inform you that the Department of Master of Business & Administration is planning to conduct a workshop on "**Research Methodology**" from 20-07-2022 to 25-07-2022. The resource person for the workshop is

Dr. Suryanarayana Alamuri,

Professor

Osmania University

The resource person's lecture would enlighten all the participants about pursuing research and publications. We request you to give permission to organize the workshop on the above-mentioned date.

Thanking you Sir,

Principal

Yours Sincerely

EDC Coordinator

Workshop on Research Methodology

Details of the Resource Person: Dr. Suryanarayana Alamuri, Professor, Osmania University

No. of Participants: 80

Dr. Suryanarayana Alamuri, Professor, OU Explaining about Research Methodology

A Five-day workshop on “**Research Methodology**” has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, from 20-07-2022 to 25-07-2022. **Dr. Suryanarayana Alamuri** has discussed according to Somekh and Lewin (2005), a research methodology is both “the collection of methods or rules” you apply to your research, as well as the “principles, theories, and values” that support your research approach. Simply put, a research paper’s methodology section must shed light on how you were able to collect or generate your research data and demonstrate how you analyze them (SHU Library, 2020). For novice researchers, writing the methodology of a research paper can be an overwhelming process, especially considering the intricate elements covered by this section (J. Ellis & Levy, 2009, p. 323). The goal of this article is to define what is research methodology, guide novice researchers in their research methodology writing, and to help them gain a clear understanding of a research methodology’s structure.

Workshop on How To Write A Research Paper

Details of the Resource Person: Dr. Sindhu MBA. Ph.D

No. of Participants: 46

Dr. Sindhu MBA. Explaining about How To Write A Research Paper

A Five-day workshop on "How To Write A Research Paper" has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, from 15/11/2021 to 19/11/2021. Dr. Sindhu has discussed that a research paper is a piece of academic writing that provides analysis, interpretation, and argument based on in-depth independent research. Research papers are similar to academic essays, but they are usually longer and more detailed assignments, designed to assess not only your writing skills but also your skills in scholarly research. Writing a research paper requires you to demonstrate a strong knowledge of your topic, engage with a variety of sources, and make an original contribution to the debate. This step-by-step guide takes you through the entire writing process, from understanding your assignment to proofreading your final draft. There are many ways to generate an idea for a research paper, from brainstorming with pen and paper to talking it through with a fellow student or professor.

ABOUT AVANTHI

Avanthi Institute of Engineering & Technology, Hyderabad is sponsored by Avanthi Educational Society, established in the year 2005, with the able leadership of Sri. M. Srinivasa Rao, came into being with a congregation of dedicated academicians and able administrators in the field of higher education and learning. This Institution has achieved NAAC accreditation for period of 5 years. UG Programs CSE and ECE are accredited by NBA (National Board of Accreditation). The society has grown into a large group of more than 13 educational institutions having student strength more than 25,000 pursuing education in the field of Engineering & Technology, science, commerce, IT & Management under this fold. Career in today's dynamic environment needs, choosing the better location as a bench mark to realize the goals and objectives. A dream of education today, tomorrow and everyone know what was yesterday.

It is a top ranked institution in engineering education in terms of academics & placements. The college offers UG programs in EEE, ECE, CSE & PG programs in, ES, VLSI, CSE. The College has state of the art infrastructure, resource facilities, well-furnished lecture halls

ABOUT DEPARTMENT OF MBA

The department of MBA in Avanthi was started with an intake of 60 students. The department has well established and highly qualified faculty to fulfill the aspirations of student community. The department strives to shape students into critical, and independent thinker

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT WORKSHOP

In a thesis, dissertation, academic journal article or other formal pieces of research, there are often details of how the researcher approached the study and the methods and techniques they used. If you're designing a research study, then it's helpful to understand what research methodology is and the selection of techniques and tools available to you. In this article, we explore what research methodology is, the types of research methodologies and the techniques and tools commonly used to collect and analyze data. Research methodology is a way of explaining how a researcher intends to carry out their research. It's a logical, systematic plan to resolve a research problem.

RESOURCE PERSON

Guntapally,

24-01-2021.

To,

The principal,

Avanthi Institute of Engineering and Technology, Guntapally,

Hyderabad.

Sub: Request for an approval to conduct a Workshop on "**Research Methodology**" -reg.

This is to inform you that the Department of Master of Business & Administration is planning to conduct a Workshop on "**Research Methodology**" from 27-01-2021 to 01-02-2021.

The resource person for the workshop is

Dr. K. Jaya dev Reddy

KNR College

The resource person's lecture would enlighten all the participants about pursuing research and publications. We request you to give permission to organize the Workshop on the above-mentioned date.

Thanking you Sir,

PRINCIPAL
Avanthi Institute of Engg. & Tech
Gunthapally (V), Abdullapurmet (M), R.R. Dist.

Yours Sincerely,
EDC Coordinator

Workshop on Research Methodology

Details of the Resource Person: Dr. K. Jaya dev Reddy, KNR College

No. of Participants: 70

Dr. K. Jaya dev Reddy, KNR College Explaining about Research Methodology

A Five-Day Workshop on "**Research Methodology**" has been organized by the Department of MBA, Avanathi Institute of Engineering and Technology, Guntapally, 27-01-2021 to 01-02-2021. Dr. K. Jaya dev Reddy has discussed according to Somekh and Lewin (2005), a research methodology is both "the collection of methods or rules" you apply to your research, as well as the "principles, theories, and values" that support your research approach. Simply put, a research paper's methodology section must shed light on how you were able to collect or generate your research data and demonstrate how you analyze them (SHU Library, 2020). For novice researchers, writing the methodology of a research paper can be an overwhelming process, especially considering the intricate elements covered by this section (J. Ellis & Levy, 2009, p. 323). The goal of this article is to define what is research methodology, guide novice researchers in their research methodology writing, and to help them gain a clear understanding of a research methodology's structure.

ABOUT AVANTHI

Avanthi Institute of Engineering & Technology, Hyderabad is sponsored by Avanthi Educational Society, established in the year 2005, with the able leadership of Sri.M.Srinivasa Rao, came into being with a congregation of dedicated academicians and able administrators in the field of higher education and learning. This Institution has achieved NAAC accreditation for period of 5 years. UG Programs CSE and ECE are accredited by NBA (National Board of Accreditation). The society has grown into a large group of more than 13 educational institutions having student strength more than 25,000 pursuing education in the field of Engineering & Technology, science, commerce, IT & Management under this fold.

Career in today's dynamic environment needs, choosing the better location as a benchmark to realize the goals and objectives. A dream of education today, tomorrow and everyone know what was yesterday.

It is a top ranked institution in engineering education in terms of academics & placements. The college offers UG programs in EEE, ECE, CSE & PG programs in, ES, VLSI, CSE. The College has state of the art infrastructure, resource facilities, well-furnished lecture halls

ABOUT DEPARTMENT OF MBA

The department of MBA in Avanthi was started with an intake of 60 students. The department has well established and highly qualified faculty to fulfill the aspirations of student community. The department strives to shape students into critical, and independent thinker

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT WORKSHOP

Experienced scheme of IPR awareness workshops/seminars helps teach the basics of intellectual property rights to the electronics and IT sectors across India. It is a plan by the Department Of Industrial Policy and Promotion (DIPP) Government of India, Ministry of Commerce and Industry. As part of our ongoing support for Information Technology (IT) and Electronics Industry Promotion (EIPR), the Directorate of Electronics and Information Technology (DEIT) is organising a Scheme to Support IPR Awareness Workshops/seminars. The Scheme will support the activities of the Department of Industrial Policy and Promotion (DIPP) under its "IPR Awareness Campaign".

16-02-2021

To,

The principal,

Avanthi Institute of Engineering and Technology, Guntapally,

Hyderabad.

Sub: Request for an approval to conduct a workshop on "**Intellectual Property Rights**" -reg.

This is to inform you that the Department of Master of Business & Administration is planning to conduct a workshop on "**Intellectual Property Rights**" from 18-02-2021 to 23-02-2021. The resource person for the workshop is

Dr. Gnaneswari

Guru nanak College

The resource person's lecture would enlighten all the participants about pursuing research and publications. We request you to give permission to organize the Workshop on the above-mentioned date.

Thanking you Sir,

PRINCIPAL
Avanthi Institute of Engg. & Tech
Gunthapally (V), Abdullapurmet (M), R.R. Dist.

Yours Sincerely

Workshop on Intellectual Property Rights

Details of the Resource Person: Dr. Gnaneswari, Guru nanak College

No. of Participants: 73

Dr. Gnaneswari, Guru nanak College

Explaining about Intellectual Property Rights

A Five-day workshop on "Intellectual Property Rights" has been organized by the Department of MBA, Avanathi Institute of Engineering and Technology, Guntapally, from 18-02-2021 to 23-02-2021. **Dr. Gnaneswari** has discussed regarding One area can be characterized as the protection of distinctive signs, in particular trademarks (which distinguish the goods or services of one undertaking from those of other undertakings) and geographical indications (which identify a good as originating in a place where a given characteristic of the good is essentially attributable to its geographical origin). The protection of such distinctive signs aims to stimulate and ensure fair competition and to protect consumers, by enabling them to make informed choices between various goods and services. The protection may last indefinitely, provided the sign in question continues to be distinctive.

ABOUT AVANTHI

Avanthi Institute of Engineering & Technology, Hyderabad is sponsored by Avanthi Educational Society, established in the year 2005, with the able leadership of Sri. M. Srinivasa Rao, came into being with a congregation of dedicated academicians and able administrators in the field of higher education and learning. This Institution has achieved NAAC accreditation for period of 5 years. UG Programs CSE and ECE are accredited by NBA (National Board of Accreditation). The society has grown into a large group of more than 13 educational institutions having student strength more than 25,000 pursuing education in the field of Engineering & Technology, science, commerce, IT & Management under this fold.

Career in today's dynamic environment needs, choosing the better location as a bench mark to realize the goals and objectives. A dream of education today, tomorrow and everyone know what was yesterday.

It is a top ranked institution in engineering education in terms of academics & placements. The college offers UG programs in EEE, ECE, CSE & PG programs in, ES, VLSI, CSE. The College has state of the art infrastructure, resource facilities, well-furnished lecture halls

ABOUT DEPARTMENT OF MBA

The department of MBA in Avanthi was started with an intake of 60 students. The department has well established and highly qualified faculty to fulfill the aspirations of student community. The department strives to shape students into critical, and independent thinker

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT SEMINAR

Someone who creates and runs a business is called an entrepreneur. When an entrepreneur starts a new business, risk is involved. Risk is the chance of losing something. Entrepreneurship is the process of creating something different with value by devoting the necessary time and effort, assuming the accompanying financial, psychic, social risks and receiving the resulting rewards of monetary and personal satisfaction and independence. Because employees work for someone else and entrepreneurs work for themselves, entrepreneurs' risk more than employees. One way you can gain a sense of what business is like is by investigating an internship, or apprenticeship

Webinar on Entrepreneurship Skills

Details of the Resource Person: K.Swapna, Annamacharya College

No. of Participants: 87

K.Swapna, Annamacharya College Explaining about Entrepreneurship Skills

A One-day Webinar on “**Entrepreneurship Skills**” has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 25-03-2021. K.Swapna has discussed An entrepreneur refers to someone who builds or operates their own business. By having an equity stake in the firm, the entrepreneur can enjoy a great deal of profit if things go well; but they also take on a great deal of risk— far more than a regular employee of the business. This entrepreneurial risk can take several forms, including financial risk, career risk, emotional risk, or overall business risk. Since there is so much at stake when it comes to starting and growing a successful business, there are very specific skills that an entrepreneur usually needs to be successful. Below, we highlight five such attributes.

Seminar on Write a Research Report, Article/Paper and Thesis

Details of the Resource Person: Dr. Sindhu MBA. Ph.D

No. of Participants: 119

Dr. Sindhu MBA. Ph.D. in Business Management from Osmania University, Hyderabad

Explaining about Write a Research Report, Article/Paper And Thesis

A One-day Seminar on "Write a Research Report, Article/Paper And Thesis" has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 03-01-2020. Dr. Sindhu has discussed A research paper is a piece of academic writing that provides analysis, interpretation, and argument based on in-depth independent research. Research papers are similar to academic essays, but they are usually longer and more detailed assignments, designed to assess not only your writing skills but also your skills in scholarly research. Writing a research paper requires you to demonstrate a strong knowledge of your topic, engage with a variety of sources, and make an original contribution to the debate. There are many ways to generate an idea for a research paper, from brainstorming with pen and paper to talking it through with a fellow student or professor.

Workshop on Essentials of Entrepreneurship

Details of the Resource Person: Sri. A. Chandra Sekhar , JNTU

No. of Participants: 89

Sri. A. Chandra Sekhar Explaining about Essentials of Entrepreneurship

A Five-day workshop on “**Essentials of Entrepreneurship**” has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, from 22-11-2019 To 27-11-2019. **Sri. A. Chandra Sekhar** has discussed An entrepreneur refers to someone who builds or operates their own business. By having an equity stake in the firm, the entrepreneur can enjoy a great deal of profit if things go well; but they also take on a great deal of risk far more than a regular employee of the business. This entrepreneurial risk can take several forms, including financial risk, career risk, emotional risk, or overall business risk. Since there is so much at stake when it comes to starting and growing a successful business, there are very specific skills that an entrepreneur usually needs to be successful. Below, we highlight five such attributes.

Guntapally,

15/12/2019.

To,

The principal,

Avanthi Institute of Engineering and Technology, Guntapally,

Hyderabad.

Sub: Request for an approval to conduct a Seminar on "**Basic Concepts of Research and Its Methodologies**" - reg.

This is to inform you that the Department of Master of Business & Administration is planning to conduct a Seminar on "**Basic Concepts of Research and Its Methodologies**" on 17-12-2019. The resource person for the Seminar is

Ms. A. Santosh Kumari

The resource person's lecture would enlighten all the participants about pursuing research and publications. We request you to give permission to organize the Seminar on the above-mentioned date.

Thanking you Sir,

PRINCIPAL

Avanthi Institute of Engg. & Tech.
Gunthapally (V), Abdullapurmet (Mdf), R.R. Dist.

Yours Sincerely

16-03-2019

To,

The principal,

Avanathi Institute of Engineering and Technology, Guntapally,
Hyderabad.

Sub: Request for an approval to conduct a workshop on **"Intellectual Property Rights"** -reg.

This is to inform you that the Department of Master of Business & Administration is planning to conduct a workshop on **"Intellectual Property Rights"** from 18/03/2019 to 22/03/2019. The resource person for the workshop is

Dr. Gnaneswari

Guru nanak College

The resource person's lecture would enlighten all the participants about pursuing research and publications. We request you to give permission to organize the Workshop on the above-mentioned date.

Thanking you Sir,

Yours Sincerely

EDC Coordinator

Workshop on Intellectual Property Rights

Details of the Resource Person: Dr. Gnaneswari, Guru nanak College

No. of Participants: 136

Dr. Gnaneswari, Guru nanak College

Explaining about Intellectual Property Rights

A Five-day workshop on "Intellectual Property Rights" has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, from 18/03/2019 to 22/03/2019. **Dr. Gnaneswari** has discussed regarding One area can be characterized as the protection of distinctive signs, in particular trademarks (which distinguish the goods or services of one undertaking from those of other undertakings) and geographical indications (which identify a good as originating in a place where a given characteristic of the good is essentially attributable to its geographical origin). The protection of such distinctive signs aims to stimulate and ensure fair competition and to protect consumers, by enabling them to make informed choices between various goods and services. The protection may last indefinitely, provided the sign in question continues to be distinctive.

Seminar on Entrepreneurship

Details of the Resource Person: V Sekhar, Professor, Osmania University

No. of Participants: 112

V Sekhar, Professor, Osmania University Explaining about Entrepreneurship

A one-day Seminar on "**Entrepreneurship**" has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 12-10-2018. V Sekhar has discussed an **entrepreneur** is an individual who creates and/or invests in one or more businesses, bearing most of the risks and enjoying most of the rewards. The process of setting up a business is known as "entrepreneurship". The entrepreneur is commonly seen as an innovator, a source of new ideas, goods, services, and business/or procedures. More narrow definitions have described entrepreneurship as the process of designing, launching and running a new business, which is often similar to a small business, or make a profit". While definitions of entrepreneurship typically focus on the launching and running of businesses, due to the high risks involved in launching a startup company, a significant proportion of startups have to due to "lack of funding, bad business decisions, government policies, an economic crisis, a lack of market demand, or a combination of all of these."

Guntapally

06-11-2018

To,

The Principal,

Avanathi Institute of Engineering and Technology, Guntapally,

Hyderabad.

Sub: Request for an approval to conduct a Seminar on "**Research Methodology**" -reg.

This is to inform you that the Department of Master of Business & Administration is planning to conduct a Workshop on "**Research Methodology**" from 08/11/2018 to 13/11/2018. The resource person for the Workshop is

Dr. Ramesh babu,

Professor

Andhra University

The resource person's lecture would enlighten all the participants about pursuing research and publications. We request you to give permission to organize the Workshop on the above-mentioned date.

Thanking you Sir,

Avanathi Institute of Engg. & Tech

Workshop on Research Methodology

Details of the Resource Person: Dr. Ramesh babu, Professor, Andhra University

No. of Participants: 108

Dr. Ramesh babu, Professor, Andhra University Explaining about Research Methodology

A Five-day Workshop on "Research Methodology" has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, from 08/11/2018 to 13/11/2018. **Dr. Ramesh babu** has discussed according to Somekh and Lewin, a research methodology is both "the collection of methods or rules" you apply to your research, as well as the "principles, theories, and values" that support your research approach. Simply put, a research paper's methodology section must shed light on how you were able to collect or generate your research data and demonstrate how you analyze them (SHU Library, 2020). For novice researchers, writing the methodology of a research paper can be an overwhelming process, especially considering the intricate elements covered by this section (J. Ellis & Levy, 2009, p. 323). The goal of this article is to define what is research methodology, guide novice researchers in their research methodology writing, and to help them gain a clear understanding of a research methodology's structure.

EXPENDITURE DATED 13-11-2018

The EDC Cell is has Conducted a Five day Workshop on "Research methodology" 08/11/2018 to 13/11/2018 for all the faculty members and students.

The following, are the details of the expenditure:

S.NO	Description	Amount in Rs
1	Certificates Printing	1500.00
2	HONORARIUM+TA	9000.00
3	Miscellaneous (one day)	1000.00
Total		11500.00

Total number of Registrations: 108

Total amount Spent: Rs. 11500/- (Four thousand only)

Yours Faith Fully,

Convener,

Tech Resonance 2K22 2021-2022

At the college level, the development of cost-effective societal projects are encouraged. Other initiatives for knowledge creation and transmission include coding contests and **Tech Resonance 2K22** hosted by the combine efforts of various Student clubs namely- IoT Club, ECE Club, Spark Club, Builders Club with the inculcated knowledge from The Dassault Lab and The Centre of Excellence. Students actively participated and they gained exposure towards national and global issues to resolve them innovately.

This **Tech Resonance 2K22** is based on the concept of today's problem will bring tomorrow's innovation. The main aim behind this event is to unleash one's creativity by providing them a perfect platform

The Problem Statement Themes are:

- Agriculture
- Food Technology
- Renewable Energy
- Sensor Automation
- Consumption Technology
- Disaster Management
- Smart Automation
- Med Tech
- Transportation
- Cyber Security
- Miscellaneous

The principal,
Avanthi Institute of Engineering and Technology,
Hyderabad

Sub: Requesting approval to organize national level Tech Resonance 2K22 on 28TH, 29TH AND 30TH April, 2022 in AVIH college permission.

Respected sir,

This is to inform you that, we are planning to organize **national level Tech Resonance2K22** on **28TH, 29TH AND 30TH April, 2022** in AVIH college premises. So kindly give the permission to conduct above mentioned program in our Campus

The details of the resource person for the **Tech Resonance2K22** are as follows:

S.NO	ORGANIZING	COORDINATORS	PROGRAM TITLE	DATE
1	AVANTHI INSTITUTE OF ENGINEERING & TECHNOLOGY	Y.SATISH A.SHANKAR PRAVEEN K.CHANDRASHAKER S.SAIDI REDDY	National level Tech Resonance 2K22	28-04-2022 TO 30-04-2022

We request you to give permission to organize the Tech Resonance 2K22

Thanking you Sir,

Yours Sincerely

Tech Resonance 2K20 (2019-2020)

At the college level, the development of cost-effective societal projects are encouraged. Other initiatives for knowledge creation and transmission include coding contests and **Tech Resonance 2K20** hosted by the combine efforts of various Student clubs namely- IoT Club, ECE Club, Spark Club with the inculcated knowledge from The Centre of Excellence. Students actively participated and they gained exposure towards national and global issues to resolve them innovate.

This **Tech Resonance 2K20** is based on the concept of today's problem will bring tomorrow's innovation. The main aim behind this event is to unleash one's creativity by providing them a perfect platform

The Problem Statement Themes are:

- **Cloud computing**
- **Big data**
- **AI**
- **PCB design**
- **VLSI**
- **Automation**
- **Non-conventional energy sources**
- **Mech-electronics**
