Alumni Talk Series On Career Opportunities After Engineering

It's truly a pleasure to be here among fellow alumni, professors, and the future engineers of our alma mater. Today, I'm here to talk about something that has always been close to my heart—the opportunities that await you after engineering.

After completing the B.Tech course, candidates can either pursue higher studies (one popular exam that they can give for this is GATE) or consider pursuing a **job after B.Tech** in the field of their choice. Although M.Tech is a natural course choice after completing a B.Tech course, these days many students opt to take up an MBA course after completing their B. Tech degree program.

Other options that aspirants can consider include picking up a job at a PSU (Public Sector Undertaking), taking the Civil Services entrance exam, or joining a private company.

Let us talk about each of these in detail

1. Gaining Industry Experience

You can join an internship while pursuing B.Tech. This will help you in gaining the required work experience before you start looking for jobs after B.Tech. Through internships, you can learn the practical applications of the knowledge that you have acquired through the course. Based on this experience, you can assess if you either need to pursue higher studies or you are more comfortable with getting a job. Internships also helps you identify your capabilities as a professional and the areas where you need improvement.

2. A Job at a PSU (Public Sector Undertaking)

PSUs include the companies that are partially owned by the state or central or both government sectors. Some of the popular PSU companies include BHEL, LIC, Hindustan Copper Limited, and NALCO. After completing B.Tech, you can enter PSUs and get a lucrative job. You can get a job either on a permanent or contractual, or temporary basis. PSUs recruit employees based on two categories:

www.aietg.ac.in email: principal.avanthi@gmail.com

1. With a valid GATE score

2. Without a GATE score

The PSUs that appoint employees based on the GATE score announce the required GATE score for application every year. .

Some of the PSUs that do not require a GATE score are:

Airport Authority of India	Reserve Bank of India (RBI)
OPTCL	Bhabha Atomic Research Centre (BARC)
Border Security Force (BSF)	UPPCL
Bureau of Indian Standards	Hindustan Newsprint Limited
Airport Authority of India	Reserve Bank of India (RBI)

3. Popular Certification and Professional Courses after B.Tech.

Information Security & Ethical Hacking	Red Hat Certified Engineer
C, C++, .NET, SQL	Web_Designing
Python programming	AI Engineer
Borland Database Engine (BDE)	JAVA
Robotics	Data Science

ALUMNI TALK ON IMPORTANCE OF LINUX IN INDUSRTY

Hello everyone,

I am invited as alumni speaker for the event **"IMPORTANCE OF LINUX IN INDUSRTY"**. I am working as Linux Administrator in HCL, Hyderabad. I hope you're all doing well. I wanted to take a moment to share a bit about my journey from our college days to where I am now.

I Mr Ch. Naveen, studied B.TECH – CSE in Avanthi Institute Of Engineering & Technology . I am delighted to share my experience in the college with you.

Facts about Linux Operating System

There are many interesting facts about the Linux Operating System. Some important facts of the Linux Operating System are as follows:

1. Linux is not OS

Most people, particularly those unfamiliar with Linux, believe that it is an operating system. However, it is a kernel, not an OS. A kernel is a key part of an OS. The operating system's name is GNU Linux OS, and it has several variations such as Kali Linux, Ubuntu, Fedora, Debian, etc.

2. Linux Development leading by the Companies

Linux is gaining high popularity among companies worldwide. Most companies understand Linux's popularity. As a result, most top-level companies became the contributors who began paying the Linux developer. According to a survey, above 80% of these contributors get paid by IT companies such as Intel, Samsung, Huawei, Facebook, IBM, Google, etc.

3. Android Runs on Modifies Linux Kernel

Android is one of the most famous and successful OS available today. Android is installed on over 80% of mobile devices. It has also amplified other devices, including video players, tablets, vehicle music, etc. Although Android is extensively used, few people know that it is based on the Linux kernel.

4. Mostly Super Computers Runs on Linux

I want to speak about the usage of Linux in industries, how to install it into the system, the benefits of having Linux as the OS and the career prospects of being skilled in Linux programming.

I also motivated the students giving an insight on how to prepare of the academics as well as the skills that they must develop for the placements. The session was very interactive, and students wanted to know more on cracking the best opportunity given to them. More number of students of CSE department have attended and benefited from this event.

My advice to My lovely Juniors---

Make the best use of your stay at college and equip yourself with necessary skills and personality to growth into successful person and professional

ALUMNI's FEEDBACK

CH ASHOK

As I have studied in this college, the college infrastructure and the faculty were fabulous. The placements in this college were abundant so the placements were pretty enough as I am being a ECE student I am glad to choose this department

KOMMA SURESH

I am immature student and never use to get good CGPA but faculty never discouraged me, they always encouraged and motivated me to get a good score. With the faculty encouragement I have got the best placement is this college with highest package

Y SAIKUMAR

As I am being an introvert student, I used to never mingled with anyone but when I entered to this college the faculty were very friendly and motivated me to mingle with everyone. This is the college where I lost stage fear and now because of that I can be bold in every aspect

BAGIRTHI ARUN

As college days are very memorable for everyone, this college encourages everyone to achieve their goals and here students can participate in many sports competitions. They also conduct some technical fests which are helpful to the students who are interested in technical.

ABBU NAGARAJU
