The bus services are also made available for the parents and prospective students who wish to visit the college on request. For the smooth functioning of the transport facilities, there is a Transport department which takes care of students in order to maintain discipline and encourage anti ragging.

The drivers are well-experienced and the all buses adhere to safety norms. As part of ensuring college buses' fitness, mandatory inspections like the functioning of the speed governor, GPS devices, and other parameters related to the roadworthiness of the vehicles, including the condition of fire safety equipment and first-aid kits, will be inspected by the transport supervisor regularly and also ensures that the college buses are in good condition. The transport department discusses the problems concerning transport facility and takes corrective action if necessary.
