6. Commercial:

The Training Program is of cost. CT shall charge fees on whatsoever name from the college/Institution for conducting the above training program.

7. Certification:

Certificates shall be awarded by CT to the students on successful completion of the project training and development of the assessment held post completion of the training program.

8. Limitations and Warranties:

Both parties agree that it would be their endeavour to prevent any liability arising out of default or non-compliance of the MOU terms by the other party.

9. Termination:

- a. Both parties can terminate the MOU with a prior written thirty (30) day notice on default of terms of non-adherence to any condition or responsibilities by the other party as outlined in this MOU in case such default is not rectified within such 30 days.
- b. Both parties also agree that it would be their professional endeavour that despite any termination of the MOU, progress would continue, without any prejudice to the ongoing Training Programs, which would be without any hindrance and would be progressed for completion.

10. Entirety & Amendment:

This MOU contains the entire understanding between the Parties in relation to the Project Training & Development Program. If during the operation of the MOU, circumstances may rise which call for alteration / modification to this MOU, such alteration / modification shall be mutually discussed and agreed upon in writing. Such changes will be formalized in writing as an "Addendum" to this MOU. Any changes/amendments to this MOU not in conformance to this section shall be deemed to be void-ab-initio.

11. Intellectual Proprietary Rights:

All intellectual or proprietary property and information, supplied or developed by either Party shall be and remain the sole and exclusive property of the Party who supplied or developed same. Upon termination of this MOU and upon written request, the Party in receipt of the requesting Party's intellectual or proprietary property and/or information pursuant to this MOU shall return such information to the requesting Party.

12. Confidential Information:

- a. Both parties undertake to each other to keep confidential all information (written or oral) concerning the business and affairs of the other, which has been obtained or received during the course(s) of performance hereunder, save that which is inconsequential or obvious;
- b. Already in its possession other than as a result of a breach of this clause; or in the hands of the public other than as a result of a breach of this clause.

- c. In the event of any of the parties becoming legally compelled to disclose any confidential information, such party shall give sufficient notice to the other party so as to enable the other party to seek a timely protective order or any other appropriate relief. If such an order or other relief cannot be obtained, the party being required to make such a disclosure shall make the disclosure of the Confidential Information only to the extent that is legally required of it and no further.
- d. Both parties agree not to deal directly or enter into any business agreement with any of the partners or associates or customers of either party during the term of the agreement and also after the agreement have been terminated, not earlier than two years from the date of termination.

13. Force Majeure:

- a. Neither party to this MOU shall be liable for any failure or delay on its part in performing any of its obligations under this MOU, if such failure or delay shall be result of or arising out of Force Majeure conditions and, provided that the party claiming Force Majeure shall use its best efforts to avoid or remove such cause of non-performance and shall fulfil and continue performance hereunder with the utmost dispatch wherever and to the extent such cause or causes are removed.
- b. Any extraordinary event, which cannot be controlled by the parties, shall for the purpose of this MOU be considered as a Force Majeure event. Such events include acts of God, acts or omissions of any Government or agency thereof, compliance with rules, regulations or order of any Government Authority. Provided however, if either party claims that existence of any of the aforesaid conditions is delaying or disabling the performance by said party of its obligations under this MOU, such party shall give immediate notice to the other party of the existence of such conditions whose existence are claimed to delay or disable the performance of obligations as aforesaid.

COMPANY PROFILE OF BHARATH DYNAMICS LTD

Bharat Dynamics Limited (BDL) is a Public Sector Undertaking under the Ministry of Defense, Government of India established in the year 1970 (16th July, 1970) in collaboration with DRDO and foreign Original Equipment Manufacturers (OEM).

It is a manufacturing based organization headquartered at Hyderabad, for guiding missile systems and allied equipment for the Indian Armed Forces.

BDL was identified as the Prime Production Agency for supporting the development of indigenous, sophisticated and contemporary Missile Development Program.

BDL has started undertaking development of products for the Armed Forces with AI Technologies with active participation of startups to meet the dynamic and rapid strides of artificial intelligence across the globe.

BDL, with its over five decades of missile and allied defence equipment manufacturing experience, skill-sets developed and state-of-the-art infrastructure, is poised to enter new avenues of manufacturing covering a wide range of weapon systems such as Air-to-Air Missiles, Air-to-Surface Missiles, Air Defence Systems, Underwater Weapons and Mines.

The quest for technological excellence has been the guiding principle of BDL.

Dear Sir,

Sub: Industrial visit of our students to Bharath Dynamics Ltd. Request-reg.

Avanthi Institute of Engineering and Technology, is one of the premier Institutions offering varied courses in the domains of Engineering i.e. B.Tech and Technology at graduate level and M.Tech, MBA and MCA at the post Graduate level.

Engineering as well as Management studies need to be aided with more practical exposure to the business world and a wide scope of acquiring advanced knowledge and application possibilities beyond the prescribed syllabus. With this endeavor to provide a learning opportunity for our students, we would like to seek your kind support by permitting our Engg. as well as management students numbering upto 62 and 3 senior faculty members accompanying them, to visit your organization for obtaining useful inputs and guidance from the knowledgeable and experienced industrial personnel.

We will be grateful for your kind acceptance of this humble request and will be looking forward to your favorable response.

Thanking you in anticipation of an early and favorable response.

COMPANY PROFILE OF DRDO (BrahMos)

DRDO - Defence Research and Development Organization was formed in 1958 in the R&D wing of Ministry of Defence, Govt of India with a vision to empower India with cutting-edge defence technologies and a mission to achieve self-reliance in critical defence technologies and systems. Initially, it was a small organisation with 10 establishments or laboratories. Over the years, it has grown multi-directionally in terms of the variety of subject disciplines, number of laboratories, achievements and stature.

At present, DRDO is a network of more than 50 laboratories which are deeply engaged in developing defence technologies covering various disciplines, like aeronautics, armaments, electronics, combat vehicles, engineering systems, instrumentation, missiles, advanced computing and simulation, special materials, naval systems, life sciences, training, information systems and agriculture

Its path of success involves:

Agni and Prithvi series of missiles; light combat aircraft, Tejas; multi-barrel rocket launcher, Pinaka; air defence system, Akash; a wide range of radars and electronic warfare systems; etc., have given quantum jump to India's military might.

BRAHMOS is a universal long range supersonic cruise missile system that can be launched from land, sea and air. BRAHMOS has been jointly developed by DRDO, India, and NPOM, Russia. The system has been designed with two variants for Anti-Ship and Land-Attack roles. BRAHMOS Weapon Systems has been inducted and is operational with the Indian Navy (IN) as well as the Indian Army (IA).

The company was established in India through an Inter-Governmental Agreement signed on February 12, 1998, between The Republic of India and The Russian Federation.

KALAM INSTITUTE OF YOUTH EXCELLENCY

An embodiment of excellence, sacrifice and service, Dr. Kalam continues to inspire millions through his bestselling books and recorded speeches.

A model of determination and positivity, Dr. Kalam's story offers hope to countless individuals worldwide. Particularly those who are staring into the dark sky when the stars of good fortune are conspicuous by their absence.

Dr. Kalam didn't have the means to pursue higher education, but his love for knowledge and unwavering dedication for excellence saw him through.

Dr. Kalam is one of the most distinguished scientists, thought leaders and statesmen of India. He had the unique honour of receiving honorary doctorates from 30 universities and institutions.

Dr. Kalam is one of the most distinguished scientists, thought leaders and statesmen of India. He had the unique honour of receiving honorary doctorates from 30 universities and institutions.

Dr. Kalam breathed his last, succumbing to a cardiac arrest, but not before inspiring millions of young men and women to dream big and serve the nation.

In his fond memory, KALAM INSTITUTE OF YOUTH EXCELLENCE (KIYE) was started in July 27th 2015 after his demise as a Youth Transforming Mission to fulfill the Vision and Mission. Dr. A. P. J. Abdul Kalam. KIYE is Non Profitable and Non Political Organization Started by Naresh Indian (Jetti) to Spread Dr. A. P. J. Abdul kalam's Life Message through Trainings and Books.

Dear Sir,

Sub: Industrial visit of our students to Kwality Photonics . Request-reg.

Avanthi Institute of Engineering and Technology, is one of the premier Institutions offering varied courses in the domains of Engineering and Technology i.e. B.Tech graduate level and M.Tech, MBA and MCA at the post Graduate level.

Management studies need to be aided with more practical exposure to the business world and a wide scope of acquiring advanced knowledge and application possibilities beyond the prescribed syllabus. With this endeavor to provide a learning opportunity for our students, we would like to seek your kind support by permitting our Engg. as well as management students numbering upto 62 and 3 senior faculty members accompanying them, to visit your organization for obtaining useful inputs and guidance from the knowledgeable and experienced industrial personnel.

We will be grateful for your kind acceptance of this humble request and will be looking forward to your favorable response.

Thanking you in anticipation of an early and favorable response.

COMPANY PROFILE OF

BHARATH HEAVY ELECTRICALS Ltd

BHEL, established in 1964, is India's largest engineering and manufacturing enterprise in the energy and infrastructure sector. With a comprehensive portfolio of products, systems and services in the areas of power-thermal, hydro, gas, nuclear & solar PV, transmission, transportation, defence & aerospace, oil & gas and new areas like BESS and EV chargers, it is a leading contributor towards building an Aatmanirbhar Bharat.

Heavy Electrical (India) Ltd was merged with BHEL in 1974. In 1982, it entered into power equipments, to reduce its dependence on the power sector. It developed the capability to produce a variety of electrical, electronic and mechanical equipments for all sectors, including transmission, transportation, oil and gas and other allied industries. In 1991, it was converted into a public limited company.

By the end of 1996, the company had handed over 100 Electric Locomotives to Indian Railway and installed 250 Hydro-sets across India.

BHEL is One of India's largest employers in the engineering space employing.

30,000+ highly skilled employees and 9000 engineers. It possesses 16 manufacturing facilities spread across the country producing equipment conforming to international standards.

Dear Sir,

Sub: Industrial visit of our students to BHEL - Request-reg.

Avanthi Institute of Engineering and Technology, is one of the premier Institutions offering varied courses in the domains of Engineering and Technology i.e. B.Tech graduate level and M.Tech, MBA and MCA at the post Graduate level.

Management studies need to be aided with more practical exposure to the business world and a wide scope of acquiring advanced knowledge and application possibilities beyond the prescribed syllabus. With this endeavor to provide a learning opportunity for our students, we would like to seek your kind support by permitting our Engg. as well as management students numbering upto 62 and 3 senior faculty members accompanying them, to visit your organization for obtaining useful inputs and guidance from the knowledgeable and experienced industrial personnel.

We will be grateful for your kind acceptance of this humble request and will be looking forward to your favorable response.

Thanking you in anticipation of an early and favorable response.

ABOUT SINGUR DAM

The Singur Dam is a reservoir constructed over Manjeera river in Singooru village located at a distance of 36 km near Sangareddy district for hydroelectric and irrigational purposes. It is a drinking water project and is a major source of drinking water for Hyderabad city. The Dam was constructed in the year 1989 with a live storage capacity of 29Tmcft.

This pipeline scheme is an inter river basin transfer link by feeding Godavari River water to Krishna River basin for Hyderabad city drinking water and subsequent regeneration/sewage flows generated (80%) for irrigation purpose. Nearly 10 tm sft water is supplied to Hyderabad city from this reservoir.

COMPANY PROFILE OF T-HUB

In 2022, T-Hub completed seven successful years of empowering India's innovation ecosystem. In these years, T-Hub has worked towards building one ecosystem that nurtures entrepreneurship and innovation. T-Hub has designed and delivered more than 100 innovation programs in the last seven years, enabling 2000 startups to scale nationally and globally and connecting them with various influential ecosystem stakeholders.

T-Hub's corporate innovation programs have successfully achieved more than 50 scaling interventions, about 150 corporate interactions with startups, 60 corporate innovation programs and curated innovative startups in 50 countries. It has over 600 international and national corporate and 2000 mentor connections.

T-Hub has also enabled academia to introduce innovation and an entrepreneurial approach in curriculum and empower corporations to build a culture of innovation. Under its new leadership, T-Hub will continue to develop strategic programs to elevate innovation for outcome-driven results and support other ecosystem enablers — TSIC, T-Works, WE Hub, RICH, TASK — by sharing its knowledge and resources

COMPANY PROFILE OF NATIONAL REMOTE SENSING CENTER

National Remote Sensing Centre (NRSC) at Hyderabad is responsible for remote sensing satellite data acquisition and processing, data dissemination, aerial remote sensing and decision support for disaster management. NRSC has a data reception station at Shadnagar near Hyderabad for acquiring data from Indian remote sensing satellites as well as others.

NRSC Ground station at Shadnagar acquires Earth Observation data from Indian remote-sensing satellites as well as from different foreign satellites. NRSC is also engaged in executing remote sensing application projects in collaboration with the users. The Aerial Services and Digital Mapping (ASDM) Area provides end-to-end Aerial Remote Sensing services and value-added solutions for various large scale applications like aerial photography and digital mapping, infrastructure planning, scanner surveys, aeromagnetic surveys, large scale base map, topographic and cadastral level mapping, etc.

Regional Remote Sensing Centres (RRSCs) support various remote sensing tasks specific to their regions as well as at the national level. RRSCs are carrying out application projects encompassing all the fields of natural resources. RRSCs are also, involved in software development, customization and packaging specific to user requirements and conducting regular training programmes for users in geo-spatial technology, particularly digital image processing and Geographical Information System (GIS) applications

Dear Sir,

Sub: Industrial visit of MBA 1st year students to Parle Biscuit Company. Request-reg.

Avanthi Institute of Engineering and Technology, is one of the premier Institutions offering varied courses in the domains of Engineering and Technology at graduate level and M.Tech, MBA and MCA at the post Graduate level.

Management studies need to be aided with more practical exposure to the business world and a wide scope of acquiring advanced knowledge and application possibilities beyond the prescribed syllabus. With this endeavor to provide a learning opportunity for our students, we would like to seek your kind support by permitting our MBA 1st year students numbering upto 62 and 3 senior faculty members accompanying them, to visit your organization for obtaining useful inputs and guidance from the knowledgeable and experienced industrial personnel.

We will be grateful for your kind acceptance of this humble request and will be looking forward to your favorable response.

Thanking you in anticipation of an early and favorable response.

Mr. Ashraf Hussain
Head of the Department,
MBA.
