Through various interactive and exchange programs with other institutes, research laboratories and industries, larger exposure for the students are also aimed at,

2. Whereas M/s **Innovative Systems**, located at E.C.I.L. Post, Hyderabad, is duly incorporated business house of long standing and reputed manufacturer of quality electronic equipments. With an innovative and in house R & D team, the company continues to bring in latest and state of the art instrumentations to serve its clientele. As a result, the company enjoys unstinted and continuous support from its satisfied customers.

3. To foster the culture of garnering wider customer support and creating exalted customer base, the company always thrives on new and fresh ideas from the newer generation of young and intelligent technical brains from the institute and to sharpen their intellects to the best advantage to our industry and of the country as a whole.
4. Both AIET and M/s **Innovative Systems**, understand and appreciate the facts that through interactive, cooperative and collaborative efforts of industry and institute will play a very vital and productive role for an increasingly large role in economic advancement of the regional and national economic activities.
5. It is the intent of the CEO of M/s **Innovative Systems** and the Principal of AIET, to bring about a level of understanding between them and work out a comprehensive program of imparting relevant knowledge to students, expand technical engagement between the industry and institute, joint research and development cooperation to bring forth an increasing dissemination of knowledge power to everybody's best interest.
6. Through this document of mutual understanding, general rules of such an collaborative action-methodology is enumerated, which in no way shall interfere the respective focus areas of their original activities. This document provides the general structure and principles to facilitate a relationship between the two partners of understanding on amicable and no profit no loss basis.
7. The field of the cooperation between the two partners will be governed by the following:
 - The agencies will sit together to decide on the areas where their cooperation will bring in maximum benefit to the technical minds of the students and maximum value added benefits to the product-end-users.
 - Necessary inputs and knowledge to be imparted to the students to initiate the right thinking process in them and make them ready to accept a new and challenging assignment beyond their syllabus.

- The initiated and interested students will be shortlisted and recommended to the industry.
- The students thus nominated will be guided by the industry in the finer nuances of the target objective,
- The students will be amalgamated with the existing research and development team members to contribute their might,
- The activities shall be subdivided into categories like basic design and development, production planning, assembling, individual – batch and group testing, integrated testing etc. and ending with quality assurance and packaging,
- Necessary exposure as and when required by the students for fulfillment of academic criteria like Mini Project and Main Project will also be provided in a planned schedule,
- Performance of the students will be reviewed internally by the industry and it may culminate into job offer to suitable candidate,
- To meet the notional expenses incurred by the industry towards arranging necessary infrastructure, implements, documents, components etc., the students will be charged with a nominal fee of RR. 3,000/- per academic session and the same will be collected by the institute and forwarded to the industry,
- The effectiveness and usefulness of this initiative will be reviewed jointly by the institute and the industry at reasonable time intervals and will be acted upon accordingly,
- This understanding is envisaged to be in place for one year from the date of this agreement and may be extended by suitable periods decided during reviews,

- In case any dispute or conflict of interest arises during the tenure of this agreement, the same will be amicably settled through joint meetings between the agreed parties.

In agreement to the general arrangement presented above, both the parties Avanathi Institute Engineering and Technology, Gunthapally Village, Hayathnagar(M), R.RDistrict ,Hyderabad-501512. and M/s **Innovative Systems**, Hyderabad, put their respective endorsement on this Memorandum of Understanding on this 27th of July ,2018 to 26th of July,2022.

- e. In the event of any of the parties becoming legally compelled to disclose any confidential information, such party shall give sufficient notice to the other party so as to enable the other party to seek a timely protective order or any other appropriate relief. If such an order or other relief cannot be obtained, the party being required to make such a disclosure shall make the disclosure of the Confidential Information only to the extent that is legally required of it and no further.
- d. Both parties agree not to deal directly or enter into any business agreement with any of the partners or associates or customers of either party during the term of the agreement and also after the agreement have been terminated, not earlier than two years from the date of termination.

13. Force Majeure:

- a. Neither party to this MOU shall be liable for any failure or delay on its part in performing any of its obligations under this MOU, if such failure or delay shall be result of or arising out of Force Majeure conditions and, provided that the party claiming Force Majeure shall use its best efforts to avoid or remove such cause of non-performance and shall fulfil and continue performance hereunder with the utmost dispatch whenever and to the extent such cause or causes are removed.
- b. Any extraordinary event, which cannot be controlled by the parties, shall for the purpose of this MOU be considered as a Force Majeure event. Such events include acts of God, acts or omissions of any Government or agency thereof, compliance with rules, regulations or order of any Government Authority. Provided however, if either party claims that existence of any of the aforesaid conditions is delaying or disabling the performance by said party of its obligations under this MOU, such party shall give immediate notice to the other party of the existence of such conditions whose existence are claimed to delay or disable the performance of obligations as aforesaid.
