March 16, 2021

Dear Akula Rajkumar,

#### Congratulations!

We are pleased to inform that you have been selected for the position of **Trainee Engineer.** You are one of the few that got selected into our prestigious program.

#### Trainee Engineer – Phases of Learning at Tripod:

Typically a Trainee Engineer like you who joins us goes through the following learning phases during the 1st year of employment:

- Orientation Phase: This will be during the first one week of your employment with Tripod and typically includes some boring but important activities like filling out HR paper work, reading and understanding HR Policies & Guidelines, some critical things like you getting assigned to a mentor(s) who will guide you through the learning process, and some exciting things like getting to know the details on technical and other training courses that you will be expected to go through in the next phases of learning.
- Onboarding Phase: This phase will cover the first 2 months of employment with Tripod. You will attend training on diverse topics of interest (like Software Cycle Programming Methodologies, one or more Development Life Languages/Frameworks, Quality Assurance/Testing, Soft Skills, Leadership, etc.,) that will help you build a good foundation for your career. During this phase, you will start the process of acquiring the necessary knowledge, skills, and behaviours to become effective organizational member. This phase of your employment will typically involve class room type training, self-driven research/learning, hands-on exercises, and formal periodic assessment by senior technical and HR staff at Tripod. Once you graduate successfully from the Onboarding Phase, you will continue on the Learning Path through the Employee Development Phase.
- **Employee Development Phase:** During this phase that lasts 4 months (3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> months) of the employment with Tripod, typically the employee will be assigned specific individual assignments supervised by designated Tripod project managers/project leads who will give opportunities to the trainee to apply some if not all of the knowledge and skills attained in the earlier phases of learning mentioned above. Formal and Informal periodic assessments will be conducted to assess employee's progress and development during this phase. Individual assignments may be given in diverse areas (analysis/requirements elicitation, design, programming, testing, build/release management, maintenance) etc.,) to ensure that the employee gains exposures to and experiences in as many SDLC stages as possible. Once you graduate successfully from this phase, you will continue on the Learning Path through the Career Development Phase.

Page 2

 Career Development Phase: During this phase typically the employee may be assigned a role on specific customer project(s) reporting to designated Tripod project managers/project leads and collaborating with peers and other senior technical resources on the project team(s). The employee will be on "Probation" for the first 6 months of employment (covers the Orientation, Onboarding and Employee Development Phases mentioned above). Upon successful completion of the Probation period, Tripod will issue a "Letter of Employment Confirmation" to the employee.

- During the Probation period (until the Letter of Employment Confirmation is issued), if the management is not satisfied with the progress being made by the employee as identified in one or more of the formal periodic assessments mentioned above, Tripod can end the employee's employment with a notice period in writing of 15 days. This phase of your employment will typically involve class room type training, self-driven research/learning, hands-on exercises, and formal periodic assessment by senior technical and HR staff at Tripod. Once you graduate successfully from the Onboarding Phase, you will continue on the Learning Path through the Employee Development Phase.
- **Employee Development Phase:** During this phase that lasts 4 months (3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> months) of the employment with Tripod, typically the employee will be assigned specific individual assignments supervised by designated Tripod project managers/project leads who will give opportunities to the trainee to apply some if not all of the knowledge and skills attained in the earlier phases of learning mentioned above. Dear Siddula Sai Teja,

#### Congratulations!

We are pleased to inform that you have been selected for the position of **Trainee Engineer.** You are one of the few that got selected into our prestigious program.

#### Trainee Engineer – Phases of Learning at Tripod:

Typically a Trainee Engineer like you who joins us goes through the following learning phases during the 1st year of employment:

- Orientation Phase: This will be during the first one week of your employment with Tripod and typically includes some boring but important activities like filling out HR paper work, reading and understanding HR Policies & Guidelines, some critical things like you getting assigned to a mentor(s) who will guide you through the learning process, and some exciting things like getting to know the details on technical and other training courses that you will be expected to go through in the next phases of learning.
- Onboarding Phase: This phase will cover the first 2 months of employment with Tripod. You will attend training on diverse topics of interest (like Software Development Life Cycle Methodologies, one or more Programming Languages/Frameworks, Quality Assurance/Testing, Soft Skills, Leadership, etc.,) that will help you build a good foundation for your career. During this phase, you will start the process of acquiring the necessary knowledge, skills, and behaviours to become effective organizational member. This phase of your employment will typically involve class room type training, self-driven research/learning, hands-on exercises, and formal periodic assessment by senior technical and HR staff at Tripod. Once you graduate successfully from the Onboarding Phase, you will continue on the Learning Path through the Employee Development Phase.
- **Employee Development Phase:** During this phase that lasts 4 months (3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> months) of the employment with Tripod, typically the employee will be assigned specific individual assignments supervised by designated Tripod project managers/project leads who will give opportunities to the trainee to apply some if not all of the knowledge and skills attained in the earlier phases of learning mentioned above. Formal and Informal periodic assessments will be conducted to assess employee's progress and development during this phase. Individual assignments may be given in diverse areas (analysis/requirements elicitation, design, programming, testing, build/release management, maintenance, etc.,) to ensure that the employee gains exposures to and experiences in as many SDLC stages as possible. Once you graduate successfully from this phase, you will continue on the Learning Path through the Career Development Phase.

 Career Development Phase: During this phase typically the employee may be assigned a role on specific customer project(s) reporting to designated Tripod project managers/project leads and collaborating with peers and other senior technical resources on the project team(s). During this phase the employee will be expected to apply many if not all of the knowledge and skills attained in the earlier phases of learning mentioned above but also demonstrate the abilities to grasp/gain project, domain and technology or tools specific knowledge and skills. Formal and Informal periodic assessments will be conducted to assess employee's progress and development during this phase.

The employee will be on "Probation" for the first 6 months of employment (covers the Orientation, Onboarding and Employee Development Phases mentioned above). Upon successful completion of the Probation period, Tripod will issue a "Letter of Employment Confirmation" to the employee.

- During the Probation period (until the Letter of Employment Confirmation is issued), if the management is not satisfied with the progress being made by the employee as identified in one or more of the formal periodic assessments mentioned above, Tripod can end the employee's employment with a notice period in writing of 15 days. During the Probation period, the employee can also end the employment with Tripod with the same 15 day notice period given in writing.
- Once the Letter of Confirmation is issued by Tripod, the mutual notice period for separation of employment will be3 months.
- Terms of Separation are detailed in the "Letter of Appointment" that will be issued to you prior to your date of joining with Tripod.

Upon completion of one year of employment employees typically go through a formal year-end performance review. Typically this process results in a job title change, a mutual determination of career path/track that is ideal for the employee to take, and more importantly a salary adjustment and goal settings for the 2<sup>nd</sup> year of employment.

Once a Trainee Engineer successfully completes and goes beyond the first year of employment, typically he/she will continue the Learning Path by getting opportunities for more On-The-Project training as well as Periodic Refresher and/or Continuous Education training.

#### **Employment Commencement Date:**

Your employment will commence in the month of July 2016. We will notify you of the exact date of joining by the end of June 2016 and will issue a "Letter of Appointment" fifteen days prior to your date of joining. This letter will also include the "Terms & Conditions" related to your employment with Tripod.

Please note that this offer of employment is contingent upon passing your final exams and clearing backlog, if any, from your prior years of study before the date of joining.

The details for each component falling under these heads are explained as following:

#### BASIC SALARY

The Basic Salary is standard across organization and brought to a certain value of the CTC. #### MONTHLY ALLOWANCES

- House Rent Allowance (HRA): The HRA is payable maximum Up to 100% of the Basic Salary and paid monthly. This includes the Company Leased Accommodation value. For those who are not staying in a rented accommodation, can declare the same in the system post joining and this amount would be paid as taxable component.
- Holiday Allowance: Holiday Allowance is payable maximum up to INR. 50,000/- spread over 12 months.
- Bright Hour Allowance (BHA): BHA is a non-recoverable monthly earning opportunity payable against a

#### Retirals & Insurances Benefit

The details for each component falling under these heads are explained as following:

### BASIC SALARY

The Basic Salary is standard across organization and brought to a certain value of the CTC. Basic salary has an impact on various other components such as the PF contribution, medical insurance cover, Gratuity, HRA etc. and hence has to be balanced so as not to substantially reduce the employee's take home salary.

#### MONTHLY ALLOWANCES

- House Rent Allowance (HRA): The HRA is payable maximum Up to 100% of the Basic Salary and paid monthly. This includes the Company Leased Accommodation value. For those who are not staying in a rented accommodation, can declare the same in the system post joining and this amount would be paid as taxable component.
- Holiday Allowance: Holiday Allowance is payable maximum up to INR. 50,000/- spread over 12 months.
- Bright Hour Allowance (BHA): BHA is a non-recoverable monthly earning opportunity payable against a
  declaration by the employee for his/her availability in the Bright Hours and consent to move to any other
  OMC at any given time working during Bright Hours.
- Advance Statutory Bonus: Applicable where monthly gross does not exceed INR. 21,000/- (excluding variable component) as per the Payment of Bonus Act.
- **Compensatory Allowance:** Compensatory Allowance is a buffer component that adjusts the amount of CTC against all other fixed components.

#### **RETIRALS & INSURANCES BENEFIT**

You and your dependants will be covered under Social Security as per the law and Insurance Benefits policy offered by the company. The amount mentioned under 'Insurance and Medical Benefits' in your compensation structure is applicable towards various insurances (Medical Insurance, Term Life Insurance, Personal Accident Insurance).

Medical Insurance: Some of the salient features of the Group Health Medical Insurance policy are as follows

### Retirals & Insurances Benefit

The details for each component falling under these heads are explained as following:

### BASIC SALARY

The Basic Salary is standard across organization and brought to a certain value of the CTC. Basic salary has an impact on various other components such as the PF contribution, medical insurance cover, Gratuity, HRA etc. and hence has to be balanced so as not to substantially reduce the employee's take home salary.

#### MONTHLY ALLOWANCES

- House Rent Allowance (HRA): The HRA is payable maximum Up to 100% of the Basic Salary and paid monthly. This includes the Company Leased Accommodation value. For those who are not staying in a rented accommodation, can declare the same in the system post joining and this amount would be paid as taxable component.
- Holiday Allowance: Holiday Allowance is payable maximum up to INR. 50,000/- spread over 12 months.
- Bright Hour Allowance (BHA): BHA is a non-recoverable monthly earning opportunity payable against a
  declaration by the employee for his/her availability in the Bright Hours and consent to move to any other

- Advance Statutory Bonus: Applicable where monthly gross does not exceed INR. 21,000/- (excluding variable component) as per the Payment of Bonus Act.
- **Compensatory Allowance:** Compensatory Allowance is a buffer component that adjusts the amount of CTC against all other fixed components.

### **RETIRALS & INSURANCES BENEFIT**

• Employer's contribution to Provident Fund: As per statutory requirements, an employee has to contribute 12% of the basic salary towards Provident Fund (PF). HCL contributes matching amount to PF. For those who are not staying in a rented accommodation, can declare the same in the system post joining and this amount would be paid as taxable component.

## Retirals & Insurances Benefit

The details for each component falling under these heads are explained as following:

### BASIC SALARY

The Basic Salary is standard across organization and brought to a certain value of the CTC. Basic salary has an impact on various other components such as the PF contribution, medical insurance cover, Gratuity, HRA etc. and hence has to be balanced so as not to substantially reduce the employee's take home salary.

### MONTHLY ALLOWANCES

- House Rent Allowance (HRA): The HRA is payable maximum Up to 100% of the Basic Salary and paid monthly. This includes the Company Leased Accommodation value. For those who are not staying in a rented accommodation, can declare the same in the system post joining and this amount would be paid as taxable component.
- Holiday Allowance: Holiday Allowance is payable maximum up to INR. 50,000/- spread over 12 months.
- Bright Hour Allowance (BHA): BHA is a non-recoverable monthly earning opportunity payable against a
  declaration by the employee for his/her availability in the Bright Hours and consent to move to any other
  OMC at any given time working during Bright Hours.
- Advance Statutory Bonus: Applicable where monthly gross does not exceed INR. 21,000/- (excluding variable component) as per the Payment of Bonus Act.
- Compensatory Allowance: Compensatory Allowance is a buffer component that adjusts the amount of CTC against all other fixed components.

### **RETIRALS & INSURANCES BENEFIT**

You and your dependants will be covered under Social Security as per the law and Insurance Benefits policy offered by the company. The amount mentioned under 'Insurance and Medical Benefits' in your compensation structure is applicable towards various insurances (Medical Insurance, Term Life Insurance, Personal Accident Insurance).

Medical Insurance: Some of the salient features of the Group Health Medical Insurance policy are as follows

The benefit will also be available to cover Spouse, dependent children, dependent parents/in-laws, dependent brothers who are unemployed but below the age of 25 and sisters (unmarried & unemployed), additionally, by declaring them as dependants and on confirming that they are NOT covered under any other employer-sponsored medical scheme (e.g., Central

Option to enroll under medical insurance is available as well; however, in such a case, the additional cost of annual medical premium has to be borne by the employee as per terms and conditions elucidated under Medical Insurance policy.

\*The employee & employer contribution will be payable as per current prescribed rates under ESI Rules.

• Employer's contribution to Provident Fund: As per statutory requirements, an employee has to contribute 12% of the basic salary towards Provident Fund (PF). HCL contributes matching amount to PF. Out of employer's contribution, 8.33% of monthly basic or INR. 1,250/- whichever is lower is remitted to PF authorities towards Employees' Pension Scheme (EPS). All employees are thereby eligible to draw pension after superannuation, except those who had opted out of EPS as per Form-11 declaration.

### Retirals & Insurances Benefit

The details for each component falling under these heads are explained as following:

### BASIC SALARY

The Basic Salary is standard across organization and brought to a certain value of the CTC. Basic salary has an impact on various other components such as the PF contribution, medical insurance cover, Gratuity, HRA etc. and hence has to be balanced so as not to substantially reduce the employee's take home salary.

#### MONTHLY ALLOWANCES

- House Rent Allowance (HRA): The HRA is payable maximum Up to 100% of the Basic Salary and paid monthly. This includes the Company Leased Accommodation value. For those who are not staying in a rented accommodation, can declare the same in the system post joining and this amount would be paid as taxable component.
- Holiday Allowance: Holiday Allowance is payable maximum up to INR. 50,000/- spread over 12 months.
- Bright Hour Allowance (BHA): BHA is a non-recoverable monthly earning opportunity payable against a
  declaration by the employee for his/her availability in the Bright Hours and consent to move to any other

- Advance Statutory Bonus: Applicable where monthly gross does not exceed INR. 21,000/- (excluding variable component) as per the Payment of Bonus Act.
- Compensatory Allowance: Compensatory Allowance is a buffer component that adjusts the amount of CTC against all other fixed components.

• Employer's contribution to Provident Fund: As per statutory requirements, an employee has to contribute 12% of the basic salary towards Provident Fund (PF). HCL contributes matching amount to PF. # Retirals & Insurances Benefit

The details for each component falling under these heads are explained as following:

### BASIC SALARY

The Basic Salary is standard across organization and brought to a certain value of the CTC. Basic salary has an impact on various other components such as the PF contribution, medical insurance cover, Gratuity, HRA etc. and hence has to be balanced so as not to substantially reduce the employee's take home salary.

# MONTHLY ALLOWANCES

- House Rent Allowance (HRA): The HRA is payable maximum Up to 100% of the Basic Salary and paid monthly. This includes the Company Leased Accommodation value. For those who are not staying in a rented accommodation, can declare the same in the system post joining and this amount would be paid as taxable component.
- Holiday Allowance: Holiday Allowance is payable maximum up to INR. 50,000/- spread over 12 months.
- Bright Hour Allowance (BHA): BHA is a non-recoverable monthly earning opportunity payable against a
  declaration by the employee for his/her availability in the Bright Hours and consent to move to any other
  OMC at any given time working during Bright Hours.
- Advance Statutory Bonus: Applicable where monthly gross does not exceed INR. 21,000/- (excluding variable component) as per the Payment of Bonus Act.
- **Compensatory Allowance:** Compensatory Allowance is a buffer component that adjusts the amount of CTC against all other fixed components.

# **RETIRALS & INSURANCES BENEFIT**

You and your dependants will be covered under Social Security as per the law and Insurance Benefits policy offered by the company. The amount mentioned under 'Insurance and Medical Benefits' in your compensation structure is applicable towards various insurances (Medical Insurance, Term Life Insurance, Personal Accident Insurance).

Medical Insurance: Some of the salient features of the Group Health Medical Insurance policy are as follows

- The policy covers Hospitalization expenses and Maternity expenses.
- By default, the employees (who are not covered under the ESI Act, 1948] will be mandatorily covered under the benefit. The benefit will also be available to cover Spouse, dependent children, dependent parents/in-laws, dependent brothers who are unemployed but below the age of 25 and sisters (unmarried & unemployed), additionally, by declaring them as dependants and on confirming that they are NOT covered under any other employer-sponsored medical scheme (e.g., Central

- The premium payable depends on the dependants declared.
- The hospitalization coverage limit will be same as defined in compensation structure.

- **Coverage under ESI:** The employee will be covered under Employee State Insurance Scheme in accordance with the applicable norms and amendments made during time to time or any further amendment which may come into force during the employment tenure under **Employees' State Insurance Act, 1948**.

Employees covered under ESI would not be covered by default under HCL's medical insurance benefit. Option to enroll under medical insurance is available as well; however, in such a case, the additional cost of annual medical premium has to be borne by the employee as per terms and conditions elucidated under Medical Insurance policy.

\*The employee & employer contribution will be payable as per current prescribed rates under ESI Rules.

Employer's contribution to Provident Fund: As per statutory requirements, an employee has to contribute 12% of the basic salary towards Provident Fund (PF). HCL contributes matching amount to PF. Out of employer's contribution, 8.33% of monthly basic or INR. 1,250/- whichever is lower is remitted to PF authorities towards Employees' Pension Scheme (EPS). All employees are thereby eligible to draw pension after superannuation, except those who had opted out of EPS as per Form-11 declaration.

\*The percentage and amount is in compliance with the current PF Act.

- Gratuity: As per statutory requirements, it is employer's statutory liability to pay 15 days' Basic salary (15/26 of a monthly Basic) for every completed year of service to each of his employees on their exit, for any reason after five years of continuous service, subject to maximum limit of INR 20.00 lakhs.
- Term Life Insurance (including EDLI): At HCL, you will be covered under the Term-life Insurance which provides safety net to family in case of death of the employee due to any reasons. The applicable amount is mentioned in your offer letter.
- Disability Insurance: You are also covered against any permanent or partial disability that may arise due to an
  accident. The amount payable by Insurer for a disability shall depend on nature of the disability. The amount
  mentioned in your offer letter is the maximum amount paid by Insurer as per the nature of a disability. You
  may refer 'Personal Accident Insurance' policy for further details.

We look forward for you being an integral part of this arduous yet fulfilling journey towards excellence and growth and hope our relationship will go a long way!
