ANALYSIS REPORT:

Based on the feed-back given by twenty-five Alumni, the following analysis report has been prepared:

- Conduct value added courses on emerging technologies and industry specific skills.
- Workshop on modern tools usage for enabling the students to use them effectively.
- Organize a guest lecture on how to apply ethical principles in engineering practices.
- Exposure to more projects and application-oriented teaching has to be made compulsory to prepare the students to face future challenges.
- All efforts have to be made to provide a good ambience in the college to make the learning environment and the overall ambience stress-free and lively.
- Regular interactive sessions with alumni can update budding engineers with ongoing changes on the technical front and prepare them to face global challenges.
