Gunthapally (V), Abdullapurmet (M), RR Dist,
Near Ramoji Film City, Hyderabad - 501512.

Avanthi Institute of Engineering & Technology

Gunthapally (V), Hyderabad
Email: principal.avanthi@gmail.com

ABOUT AVANTHI

Avanthi Institute of Engineering & Technology, Hyderabad is sponsored by Avanthi Educational Society, established in the year 2005, with the able leadership of Sri. M. Srinivasa Rao, came into being with a congregation of dedicated academicians and able administrators in the field of higher education and learning. This Institution has achieved NAAC accreditation for period of 5 years. UG Programs CSE and ECE are accredited by NBA (National Board of Accreditation). The society has grown into a large group of more than 13 educational institutions having student strength more than 25,000 pursuing education in the field of Engineering & Technology, science, commerce, IT & Management under this fold.

Career in today's dynamic environment needs, choosing the better location as a bench mark to realize the goals and objectives. A dream of education today, tomorrow and everyone know what was yesterday.

It is a top ranked institution in engineering education in terms of academics & placements. The college offers UG programs in EEE, ECE, CSE & PG programs in, ES, VLSI, CSE. The College has state of the art infrastructure, resource facilities, well-furnished lecture halls, highly equipped labs, library & well-furnished canteen.

ABOUT DEPARTMENT OF CSE

Computer science and engineering (CSE) is an academic program at many universities which comprises approaches of computer science and computer engineering. There is no clear division in computing between science and engineering, just like in the field of materials science and engineering.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT WORKSHOP

Experienced scheme of IPR awareness workshops/seminars helps teach the basics of intellectual property rights to the electronics and IT sectors across India. It is a plan by the Department Of Industrial Policy and Promotion (DIPP) Government of India, Ministry of Commerce and Industry. As part of our ongoing support for Information Technology (IT) and Electronics Industry Promotion (EIPR), the Directorate of Electronics and Information Technology (DEIT) is organising a Scheme to Support IPR Awareness Workshops/seminars. The Scheme will support the activities of the Department of Industrial Policy and Promotion (DIPP) under its "IPR Awareness Campaign".

ABOUT WORKSHOP

The "Professionalism & Ethics" workshop offers a condensed yet comprehensive exploration of ethical conduct and professionalism in the workplace. Designed for professionals across industries, this workshop aims to instill a deep understanding of ethical principles and best practices. Participants will delve into the importance of maintaining integrity, transparency, and accountability in their professional roles. The workshop covers ethical decision-making processes, emphasizing the significance of upholding values in challenging situations. Practical scenarios, case studies, and interactive discussions provide a practical framework for navigating ethical dilemmas.

ABOUT DEPARTMENT OF ECE

The Electronics & Communication Engineering department focuses on the design, development, and application of electronic systems and communication technologies. Covering a broad spectrum, it includes subjects like signal processing, telecommunications, microelectronics, and embedded systems.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT SEMINAR

The "Arduino Board and Programming" seminar is a comprehensive session aimed at introducing participants to the versatile world of Arduino microcontrollers and programming. Scheduled to inspire both beginners and enthusiasts, the seminar covers fundamental concepts of Arduino hardware, exploring its applications in electronics and robotics. Participants will delve into hands-on programming sessions, learning to write and upload code to control various sensors and actuators. The seminar demystifies the Arduino Integrated Development Environment (IDE) and guides attendees in creating interactive projects. Whether you're a novice or experienced coder, this seminar offers valuable insights into unleashing creativity through Arduino, fostering an understanding of its immense potential in prototyping and real-world applications.

ABOUT SEMINAR

The 'LaTeX for Research Article' seminar is designed to equip researchers and academics with essential skills for efficiently and professionally typesetting research articles using LaTeX. Participants will gain a comprehensive understanding of LaTeX's capabilities in creating high-quality documents, mathematical equations, and bibliographies. The seminar covers key LaTeX components, including document structure, formatting, and customization. Attendees will learn time-saving techniques, collaborative writing workflows, and best practices for creating visually appealing and publication-ready research articles. With hands-on demonstrations and practical exercises, the seminar aims to demystify LaTeX, providing researchers with a powerful tool to enhance the presentation and publication of their scholarly work.

ABOUT AVANTHI

Avanthi Institute of Engineering & Technology, Hyderabad is sponsored by Avanthi Educational Society, established in the year 2005, with the able leadership of Sri. M. Srinivasa Rao, came into being with a congregation of dedicated academicians and able administrators in the field of higher education and learning. This Institution has achieved NAAC accreditation for period of 5 years. UG Programs CSE and ECE are accredited by NBA (National Board of Accreditation). The society has grown into a large group of more than 13 educational institutions having student strength more than 25,000 pursuing education in the field of Engineering & Technology, science, commerce, IT & Management under this fold.

Career in today's dynamic environment needs, choosing the better location as a bench mark to realize the goals and objectives. A dream of education today, tomorrow and everyone know what was yesterday.

It is a top ranked institution in engineering education in terms of academics & placements. The college offers UG programs in EEE, ECE, CSE & PG programs in ES, VLSI, CSE. The College has state of the art infrastructure, resource facilities, well-furnished lecture halls, highly equipped labs, library & well-furnished canteen.

ABOUT DEPARTMENT OF MBA

The department of MBA in Avanthi was started with an intake of 60 students. The department has well established and highly qualified faculty to fulfill the aspirations of student community. The department strives to shape students into critical, and independent thinker.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT WORKSHOP

The "Effective Research Paper Writing" workshop is tailored for academics, researchers, and students seeking to enhance their skills in crafting impactful and well-structured research papers. Participants will delve into the intricacies of research paper composition, covering essential elements such as literature review, methodology, results, and conclusions. The workshop emphasizes clarity, conciseness, and effective communication, offering practical tips for constructing compelling arguments and presenting data. Through interactive sessions, attendees will refine their writing techniques, learn to navigate citation styles, and gain insights into the peer-review process. Whether you are a novice researcher or a seasoned academic, this workshop provides valuable tools and strategies to elevate your research paper writing skills.

ABOUT SEMINAR

The "Research Methodology & Data Collection" seminar is a crucial session for researchers, scholars, and professionals aiming to strengthen their research skills. This seminar delves into the fundamental aspects of research design, methods, and data collection techniques. Participants will gain insights into choosing appropriate research methodologies, designing surveys, interviews, and experiments, and ensuring the reliability and validity of data. Emphasizing ethical considerations, the seminar addresses the responsible conduct of research. Practical demonstrations and case studies will guide attendees in implementing effective data collection strategies across diverse fields. Whether you're a novice researcher or seeking to refine your methodology

ABOUT SEMINAR

The "IPR Awareness Programme" seminar is a crucial initiative aimed at disseminating knowledge and fostering understanding of Intellectual Property Rights (IPR). Tailored for a diverse audience, including entrepreneurs, creatives, and professionals, the seminar provides a comprehensive overview of patents, trademarks, copyrights, and trade secrets. Experts in the field deliver insights into the significance of IPR in protecting innovations and creative works. The seminar covers the practical aspects of IPR registration, enforcement, and the evolving landscape of global intellectual property laws. Through engaging presentations, case studies, and interactive discussions, participants gain a heightened awareness of the importance of safeguarding intellectual assets.

ABOUT WORKSHOP

The workshop on "Issues & Challenges of Intellectual Property Rights (IPR)" delves into the multifaceted landscape of intellectual property and the contemporary challenges it poses. Intellectual Property Rights, encompassing patents, copyrights, trademarks, and more, play a pivotal role in fostering innovation and creativity. The workshop critically examines the evolving issues within the IPR domain, such as the impact of emerging technologies, globalization, and the need for harmonized international frameworks. Participants will engage in discussions to unravel the challenges faced by businesses, creators, and policymakers in navigating the intricate IPR landscape. From addressing digital piracy to striking a balance between innovation and accessibility.

ABOUT AVANTHI

Avanthi Institute of Engineering & Technology, Hyderabad is sponsored by Avanthi Educational Society, established in the year 2005, with the able leadership of Sri. M. Srinivasa Rao, came into being with a congregation of dedicated academicians and able administrators in the field of higher education and learning. This Institution has achieved NAAC accreditation for period of 5 years. UG Programs CSE and ECE are accredited by NBA (National Board of Accreditation). The society has grown into a large group of more than 13 educational institutions having student strength more than 25,000 pursuing education in the field of Engineering & Technology, science, commerce, IT & Management under this fold.

Career in today's dynamic environment needs, choosing the better location as a bench mark to realize the goals and objectives. A dream of education today, tomorrow and everyone know what was yesterday.

It is a top ranked institution in engineering education in terms of academics & placements. The college offers UG programs in EEE, ECE, CSE & PG programs in ES, VLSI, CSE. The College has state of the art infrastructure, resource facilities, well-furnished lecture halls, highly equipped labs, library & well-furnished canteen.

ABOUT DEPARTMENT OF CSE

Computer science and engineering (CSE) is an academic program at many universities which comprises approaches of computer science and computer engineering. There is no clear division in computing between science and engineering, just like in the field of materials science and engineering.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT WORKSHOP

The Seminar on Cyber Security is a crucial event focused on equipping participants with essential knowledge and skills to navigate the complex landscape of digital threats. Covering a broad spectrum of topics, the seminar delves into the latest trends, best practices, and emerging challenges in the field of cybersecurity. Expert speakers and professionals share insights on strategies to protect against cyber threats, secure sensitive data, and mitigate risks associated with the ever-evolving cyber landscape. Attendees will gain a comprehensive understanding of cybersecurity frameworks, threat intelligence, and proactive measures to safeguard information systems. This seminar serves as a platform for fostering awareness, collaboration,

ABOUT DEPARTMENT OF EEE

The Department of Electrical and Electronic Engineering (EEE) is a dynamic academic hub fostering innovation and excellence. Committed to advancing knowledge in electrical and electronic engineering, the department offers a comprehensive curriculum, cutting-edge research opportunities.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT WORKSHOP

The workshop on Electric Vehicles (EVs) Career Opportunities provides an insightful exploration into the burgeoning field of electric mobility. Tailored for students and professionals, this workshop delves into the exciting realm of EVs, offering a comprehensive overview of the technology, industry trends, and the rapidly evolving job landscape. Participants gain valuable insights into the design, manufacturing, and maintenance of electric vehicles, as well as the associated infrastructure. Industry experts share their experiences, shedding light on the diverse career paths within the electric mobility sector. From research and development to sustainable transportation planning, the workshop equips attendees with the knowledge and awareness needed to embark on successful careers in the growing field of electric vehicles.

ABOUT DEPARTMENT OF MBA

The department of MBA in Avanthi was started with an intake of 60 students. The department has well established and highly qualified faculty to fulfill the aspirations of student community. The department strives to shape students into critical, and independent thinker.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations & EDC with basic degree in relevant field of Engineering students

ABOUT SEMINAR

The Seminar on Effective Research Paper Writing Skills is a valuable platform designed to enhance participants' proficiency in crafting high-quality research papers. Geared towards academics, researchers, and students, the seminar covers essential aspects of the research paper writing process. Attendees gain insights into formulating clear research questions, structuring papers effectively, and mastering citation and referencing styles. The seminar also addresses critical elements such as literature review, methodology, and result interpretation. Practical tips for overcoming common writing challenges are shared, along with strategies for publication success.

ABOUT SEMINAR

The Seminar on Intellectual Property Rights (IPR) is a comprehensive session designed to elucidate the significance and nuances of intellectual property in various industries. Covering patents, trademarks, copyrights, and trade secrets, the seminar aims to foster an understanding of legal frameworks and protection mechanisms. Experts in intellectual property law guide participants through the intricacies of securing and managing intellectual assets. Attendees gain insights into the role of IPR in innovation, technology transfer, and business strategies. Case studies and real-world examples illuminate the impact of IPR on diverse sectors. Whether for entrepreneurs, researchers, or legal professionals, this seminar provides a valuable platform for navigating the complex landscape of intellectual property, ensuring participants are well-informed.

ABOUT SEMINAR

The Seminar on Entrepreneurship is a dynamic event aimed at inspiring and educating individuals about the entrepreneurial journey. This seminar provides a platform for aspiring entrepreneurs and business enthusiasts to gain valuable insights into the world of entrepreneurship. Renowned speakers and successful entrepreneurs share their experiences, strategies, and lessons learned, offering practical guidance on starting and growing a business. Topics may include idea generation, business planning, funding options, market analysis, and the importance of innovation. The seminar fosters a collaborative environment, encouraging networking among participants and industry experts. Whether participants are looking to launch their own ventures or simply seeking entrepreneurial knowledge.
