The Career Guidance & Training and Placement cell has conducted Personal counselling on Career Growth for all the third year students by the Soft Skills Trainers Mr.Ravi Shankar and Mr Sravan of Avanthi Institute of Engineering & Technology from 9.30 am to 4.30 pm in the Training and Placement cell.

The sessions were very informative and focused on the following areas:

1. To help students to get a job of his choice
2. To help students to develop his/her self-confidence
3. To suggest ways to face challenges in life and career
4. To help students to be more productive
5. Ways to develop positive attitude
6. Importance of being a good team-player
7. Importance of creativity and innovative ideas
8. Ways to develop problem solving skills

The program was aimed at finding the status of the present skill-set among the fresh engineering graduates. This program helped in building the employability skills of engineering students. It helped us bridge the skill gap and equip the students with the necessary skill-set to boost their employment prospects. All in all, the training session proved to be a valuable one for the students in their career preparation and enhancement.

<b>Number of Students</b>	:	410

Career Guidance and Training & Placement Cell organized a One day Program on Orientation on

**"Career Explorer"** for B.Tech first year students by Mr. Madhu Babu .

The program was organized in the Seminar hall in two sessions on 11-10-2022, 10.00 A.M-12.00 P.M for ECE, MECH, EEE and 2.00 P.M. - 4.00 P.M for CSD, CSE, CSM In the recent times, students have a umpteen options and a combination of careers that can create great confusion in choosing any particular career. The career path finder program can help students gain self-awareness about their talents, interests, values, and passion to determine their future goals. The program also helps students in developing personalized study plans during their years of graduation. Mr. Madhu Babu helped them build an educational plan and support for university interviews and applications. Mr. Madhu Babu lectured on how to gain an understanding of your interests, abilities, aptitudes and strength to develop an individual inventory of valuable career development skills.

The session was highly energizing as the trainer has concentrated on providing a ROUTE MAP to the students on how to succeed in life and studies by conveying them how our brain receives different responses. He demonstrated how left brain and right brain receive the responses and how one remembers things that are rhythmic, out of proportion, unusual, transformational, emotional, movements, attractive colors and pictures.

Mr. Madhu Babu has been a motivational speaker for 20 years and has conducted several workshops for students and parents "In my experience, I've learnt most adolescents struggle to deal with failure and have low self esteem," he said. "That's why the focus of the talk was on ways to develop self-belief," he added. The session was very informative and provided a lot of valuable information to the students.
