## 2.3.1: TEACHING LEARNING METHODOLOGY

Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences and teachers use ICT-enabled tool including online resources for effective teaching and learning process.

### INDEX

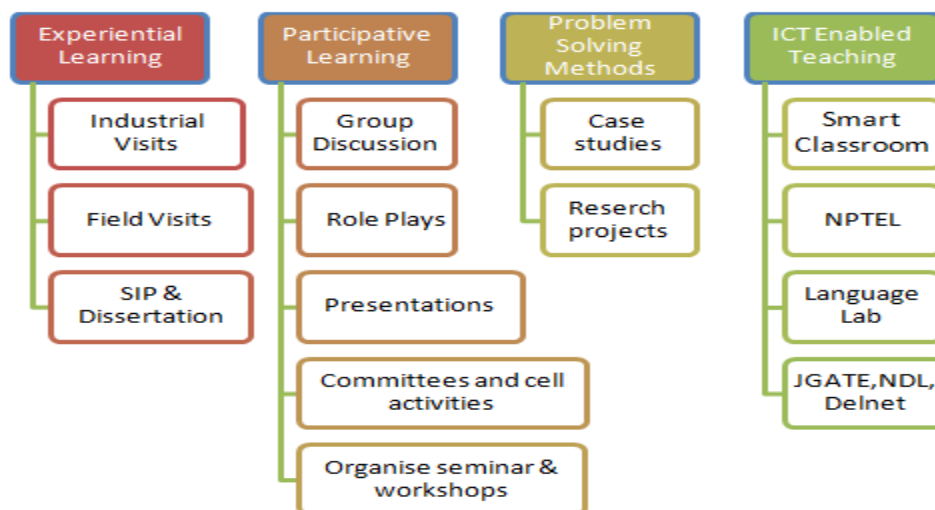

S.No	Description	Activities
<b>Introduction</b>		
<b>1</b>	<b>Experimental Learning</b>	Project Development
		Industrial Visit
		Laboratory Session With Advance Experiments
		Value Added Courses And Latest Technologies
<b>2</b>	<b>Participate Learning</b>	Seminars
		Workshops
		Debates
		Demonstration
		presentation
		Student club activities
		Role play
		Guest lectures on academic subject
		Mock Interview
		Group discussion
<b>3</b>	<b>Problem solving methodologies</b>	Case study
		Tutorials
		Assignments
		Hackathon
<b>4</b>	<b>ICT Enable Teaching</b>	Smart class room
		Digital library
		Digital classrooms
		Online courses

### 2.3.1: TEACHING LEARNING METHODOLOGY

Avanthi Institute of Engineering & Technology provides an effective platform for students to develop latest skills, knowledge, attitude, values to shape their behavior in the correct manner. All departments conduct innovative programs which stimulate the creative ability of students and provide them a platform to nurture their problem-solving skills and ensure participative learning. The institute organizes annual technical fest in which students showcase their learning in the form of innovative projects. Also, students are motivated to participate in inter college as well as national level competitions.

The institution has a mechanism to promote student-centric learning through experiential, participative, and problem-solving methodologies using ICT facilities. The teachers are well-trained in student-centric approaches and act as a facilitator who promotes self-learning, nurtures inborn skills to domain knowledge, and brings out latent skills through participatory learning. The use of ICT facilities and augmented realities ensures efficient content delivery and make a feel of experiential learning in classrooms.

## 1 STUDENT-CENTERED EXPERIENTIAL LEARNING METHODS

Experiential learning methods such as survey-based projects, lab sessions, model-making, project work, and certificate courses are followed.

- Experiential learning in the institution covers a variety of activities including internships, practical, industrial visits, and fieldwork.
- Introduced the Certificate courses on emerging topics
- ‘Meet the Entrepreneur’ programs - interaction with prominent entrepreneurs and industry experts
- Curriculum-prescribed internships, projects, industrial visits, Guest lectures by eminent academicians and field work to enhance experiential learning.

**1.1 Project Development:** Engineering projects are an excellent way to incorporate your theoretical knowledge into practicality. Projects offer the opportunity to apply and extend material learned throughout the program. Assessment is by means of a seminar presentation, submission of a thesis, and a public demonstration of work undertaken.

## 1.2 Industrial Visits:

Industrial visit are an essential part of the academic curriculum in most of the Graduate and Post graduate courses. Being a part of interactive learning, such educational visits give students a major exposure to real working environments along with practical perspective of a theoretical concept relevant to their domain which lead the students to understand better management skills, leadership skills, team player attitude, etc.

Subject: Invitation to Participate in the C-DAC Hyderabad Tech Show on 30.09.2023

To: [avanthi.principal@gmail.com](mailto:avanthi.principal@gmail.com) <[avanthi.principal@gmail.com](mailto:avanthi.principal@gmail.com)>, [placements@avanthi.edu.in](mailto:placements@avanthi.edu.in) <[placements@avanthi.edu.in](mailto:placements@avanthi.edu.in)>

Cc: Director@C-DAC HYD <[directorhyd@cdac.in](mailto:directorhyd@cdac.in)>

To,  
The Principal,  
Avanathi Institute of Engineering & Technology,  
Gunthapally(V), Abdullapurmet(M),  
R.R Dist. 501 512

Dear Sir,

Greetings from the Centre for Development of Advanced Computing (C-DAC),

Kindly refer to our telephone conversation on the above subject.

C-DAC is the premier R&D organization of the Ministry of Electronics and Information Technology (MeitY), Government of India carrying out Research and Development (R&D) in IT, Electronics, and associated areas.

C-DAC Hyderabad centre is actively contributing to Cyber Security, Blockchain Technology, Quantum Computing, Strategic Electronics, Embedded Systems & Internet of Things (IoT), Educational Technologies, Software Technologies, etc. The centre is involved in R&D, Product/Solution development, Services, and Capacity Building and Skilling activities. As part of C-DAC Hyderabad Silver Jubilee celebrations, we are organizing a Tech Show on Saturday 30.09.2023 for the engineering students and faculty.

Timing - 2 PM to 4 PM (Time Slot Given to Avanathi Institute of Engineering & Technology)

Activate Windows

Go to Settings to activate Windows.

**Industrial Visit to C-DAC by B.Tech III<sup>rd</sup> and IV<sup>th</sup> year students**

# AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, Recg. By Govt. of T.G & Affiliated to JNTUH, Hyderabad)

NAAC "A" Accredited Institute

Gunthapally (V), Abdullapurmet(M), RR Dist, Near Ramoji Film City, Hyderabad -501512.

[www.aietg.ac.in](http://www.aietg.ac.in) email: [principal.avanthi@gmail.com](mailto:principal.avanthi@gmail.com)

On the occasion of C-DAC Hyderabad silver jubilee celebrations, they cordially invited our institution to visit their facility to witness the activities and their success stories. This Industrial Visit is mainly for B.Tech 3<sup>rd</sup> and 4<sup>th</sup> year Students to get the knowledge on, ongoing Initiatives and knowing about skill development programs like "Cyber security", "Black chain" and "AI/ML", "Internet Of Things", 3D Printing, Quantum printing.

## Industrial Visit to T-HUB by ECE students

## **Industrial Visit to COCO-COLA company By MBA students**

The visit started with a cool welcome in the form of a fridge full of Coca Cola drinks for everyone. The students were then asked to visit a wall where fun facts about the main products of the company were presented in an attractive manner. After a brief video highlighting the facts about the company, the excited visitors were taken to various sections of the plant where they were explained the functioning and the processes which the students were able to see directly as well. The students asked countless questions about the drinks and the processes along with the controversial issues related to the products which were responded with facts and pleasure. The representatives showed and gave information about the various shapes of the bottles of Coca Cola since its introduction and their respective reasons. The last phase of the visit was a brief about the various CSR initiatives which the company has undertaken.

## Industrial Visit to DRDO By III<sup>rd</sup> ECE and CSE students

Industrial Visit to DRDO By III<sup>rd</sup> ECE and CSE students to understand the role of DRDO-ADE in enhancing the defense capabilities of the nation and to observe the state-of-the-art facilities and infrastructure available at the establishment. The industrial visit started with a brief introduction to DRDO-ADE, its history, and its contributions to aeronautical research. The participants were then divided into smaller groups and assigned guides who accompanied them throughout the visit.

## Industrial Visit TO BSNL for II<sup>nd</sup> year ECE students

For II<sup>nd</sup> year ECE students an Industrial Visit to BSNL was conducted. The Sub divisional engineer of BSNL divided the students into three groups and each group were thought about different modules namely switching, transmission and MDF (Main distribution function). In switching module, students learnt on practical aspects of call making and receiving. They were thought on how to create the calling number and how to check the dial tone. In transmission module, students were briefed about OFC communication and its uses, advantages, applications. The students were shown the real cables and its working procedure. In the MDF module, students learnt about the requirement of main distribution function. They were briefed about line side and exchange side of MDF.

### **1.3 Laboratory Sessions with advanced experiments**

Laboratories are the best way to provide experiential learning to the students. Laboratories provide hands-on-working experience to the engineering students. Practical work carried out in the lab helps to gain more knowledge, confidence and improve their engineering skills. It enhances the experiential and problem-solving based learning in the students.

**Advanced Experiment on Engineering Physics for 1st year students**

**Advanced Experiment on Engineering Chemistry for 1st year students**

## Value Added Course on Power BI Developer for III<sup>rd</sup> year students

### Internship to expand the Knowledge on market trends:

- a) **Internships:** An internship is a professional learning experience that offers meaningful, practical work related to a student's field of study or career interest. An internship gives a student the opportunity for career exploration and development, and to learn new skills.
- b) **Project Development:** Engineering projects are an excellent way to incorporate your theoretical knowledge into practicality. Projects offer the opportunity to apply and extend material learned throughout the program. Assessment is by means of a seminar presentation, submission of a thesis, and a public demonstration of work undertaken.
- c) **Community Service Project:** Community Service Project is an experiential learning strategy that integrates meaningful community service with instruction, participation, learning and community development. It involves students in community development and service activities and applies the experience to personal and academic development. It is meant to link the community with the college for mutual benefit. The community will be benefited with the focused contribution of the college students for the village/ local development. The

## **2. PARTICIPATIVE LEARNING :**

Participative learning is a student-centric approach to education that emphasizes active participation and engagement from students in the learning process. Participative learning is a highly effective method for student-centric learning as it increases student engagement, motivation, and understanding of the material. It also helps students to learn at their own pace and promotes social interactions and collaborations. Our college enhances Participative learning through the following means,

### **2.1 Seminars**

Seminars also provide an opportunity for students to practice critical thinking and analytical skills by discussing and evaluating the ideas and arguments presented by the presenters. Moreover, seminars can provide a dynamic and engaging learning environment, as they allow students to actively participate in the class, and to learn from the presenters, which can help to increase their motivation and enthusiasm for the subject matter. Numerous seminars and lecture series were held by different departments. Every year our institute will conduct national level seminars.

A Five-day workshop on “**Effective research paper writing**” has been organized by the Department of MBA, Avanathi Institute of Engineering and Technology, Guntapally, from 12/10/2023 to 17/10/2023. Dr. Sindhu has discussed **Effective research paper writing** is a piece of academic writing that provides analysis, interpretation, and argument based on in-depth independent research. Research papers are similar to academic essays, but they are usually longer and more detailed assignments. This step-by-step guide takes you through the entire writing process, from understanding your assignment to proofreading your final draft. There are many ways to generate an idea for a research paper, from brainstorming with pen and paper to talking it through with a fellow student or professor.

Department of MBA, Avanthi Institute of Engineering and Technology, Gunthapally, on 31/10/2023.

Dr. K. Jaya dev Reddy has discussed according to Somekh and Lewin (2005), a research methodology is both “the collection of methods or rules” you apply to your research, as well as the “principles, theories, and values” that support your research approach. Simply put, a research paper’s methodology section must shed light on how you were able to collect or generate your research data and demonstrate how you analyze them (SHU Library, 2020). For novice researchers, writing the methodology of a research paper can be an overwhelming process, especially considering the intricate elements covered by this section (J. Ellis & Levy, 2009, p. 323). The goal of this article is to define what is research methodology, guide novice researchers in their research methodology writing, and to help them gain a clear understanding of a research methodology’s structure.

A one-day Seminar on “**Latex for research article**” has been organized by the Department of MBA, on 02/11/2023. **Dr. Suryanarayana Alamuri** has discussed LaTeX is widely used in academia for the communication and publication of scientific documents in many fields, including mathematics, computer science, engineering, physics, chemistry, economics, linguistics, quantitative psychology, philosophy, and political science. It also has a prominent role in the preparation and publication of books and articles that contain complex multilingual materials, such as Arabic and Greek. LaTeX uses the TeX typesetting program for formatting its output, and is itself written in the TeX macro language. LaTeX can be used as a standalone document preparation system, or as an intermediate format. In the latter role, for example, it is sometimes used as part of a pipeline for translating DocBook and other XML-based formats to PDF.

24/11/2023. **Prof Nageswara Singh** has discussed **Skill development programme** encompass the personal and corporate standards of behavior expected of professionals. The word professionalism originally applied to vows of a religious order. By no later than the year 1675, the term had seen secular application and was applied to the three learned professions: divinity, law, and medicine. The term professionalism was also used for the military profession around this same time. Professionals and those working in acknowledged professions exercise specialist knowledge and skill. How the use of this knowledge should be governed when providing a service to the public can be considered a moral issue and is termed "professional ethics". One of the earliest examples of professional ethics is the Hippocratic oath to which medical doctors still adhere to this day.

new policy introduced many reforms in the Indian education system beginning with reformation at central level and renaming the Ministry of Human Resource and Development to Ministry of Education. The NEP proposes revision and revamping of education structure, including its regulation and governance, to create a new system aligning with the aspirational goals of 21st century education. The NEP proposes sweeping changes including opening up of Indian higher education to foreign universities, dismantling of the Universities Grants Commission and the All-India Council for Technical Education. The policy, while focusing on various facets of education, also tries to bridge the gap between education and technology. One of the key highlights of NEP 2020 is the decision to make mother tongue or regional language as the medium of instruction up to Class 5. Further, the policy emphasizes the need for formative assessments and encouraging peer review system of assessment by creating National Assessment Centre and developing a system such as Performance Assessment Review and Analysis of Knowledge for Holistic Development for monitoring the achievement of learning outcomes and guide the boards of education to make learning more contemporary and suited to future needs. The biggest highlights of the NEP 2020 are that there would be single regulation for higher education institutions with setting up of Higher Education Commission of India that will eventually replace the existing regulatory bodies like the UGC or AICTE. The long - term plan of the policy is to do away with the current system of colleges affiliated to universities and numerous tiny colleges that are pedagogically unviable and financially costly would be merged with larger HEIs. The NEP 2020 aims to address various gaps existing in the education system of India and through this policy, India is expected to achieve sustainable development goal of 2030 by ensuring inclusive and equitable quality education. Although there is various issues and challenges implementing the new policy. The proposed one-day seminar will explore critical issues faced by the new education policy, with a focus on the different aspects of challenges to implement the policy and future prospects. This broad theme is based upon the following issues that participants might be interested in specifically exploring (in the broader context described above). However, abstracts welcomed for this conference .

## M Naveen kumar,JNTU Explaining about Career counselling session

A one-day seminar on “**Career counselling session**” has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Gunthapally, on 29/01/2024. M Naveen kumar has discussed **Career counseling** is a type of advice-giving and support provided by career counselors to their clients, to help the clients manage their journey through life, learning and work changes (career). This includes career exploration, making career choices, managing career changes, lifelong career development and dealing with other career-related issues. There is no agreed definition of the role of a **career** or **employment counsellor** worldwide, mainly due to conceptual, cultural and linguistic differences. However, the terminology of 'career counseling' typically denotes a professional intervention which is conducted either one-on-one or in a small group. Career counseling is related to other types of counseling (e.g. marriage or clinical

## Workshop on Entrepreneurship & regional development

### Mr V.Krishna Prasad CEO, Explaining about Entrepreneurship & regional development

A Five-day workshop on “**Entrepreneurship & regional development**” has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Gunthapally, from 8/01/2024 to 12/01/2024. **Mr V.Krishna Prasad** has discussed An entrepreneur refers to someone who builds or operates their own business. By having an equity stake in the firm, the entrepreneur can enjoy a great deal of profit if things go well; but they also take on a great deal of risk— far more than a

regular employee of the business. This entrepreneurial risk can take several forms, including financial risk, career risk, emotional risk, or overall business risk. Since there is so much at stake when it comes to starting and growing a successful business, there are very specific skills that an entrepreneur usually needs to be successful. Below, we highlight five such attributes.

### **Seminar on Entrepreneur marketing skill and promotion of startup**

#### **Sivaram Tekuru, Explaining about Entrepreneur marketing skill and promotion of startup**

A Seminar on “**Entrepreneur marketing skill and promotion of startup**” has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 30/3/2024. Sivaram Tekuru has discussed Networking is about building relationships and connections in a purposeful, organized way. Learning how to build and create connections requires time and effort and it is important to your career development and success. Through networking you can learn about career opportunities, specific organizations, industries and fields. Professionals already working in the fields that interest you can offer specific inside views that can’t be duplicated. They can also connect you to individuals in their network who can provide additional assistance. Business cards – Use free web services, print them at home or create handmade ones. Design a card or several with different emphasis (e.g. one with a school library bent, one with a special libraries

## Dr Ranga raju, BVRIT Explaining about Knowledge session on UAP

A One-day Webinar on “**Knowledge session on UAP**” has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 26/04/2024. Dr Ranga raju has discussed arly electric vehicles first came into existence in the late 19th century, when the Second Industrial Revolution brought forth electrification. Using electricity was among the preferred methods for motor vehicle propulsion as it provides a level of quietness, comfort and ease of operation that could not be achieved by the gasoline engine cars of the time, but range anxiety due to the limited energy storage offered by contemporary battery technologies hindered any mass adoption of private electric vehicles throughout the 20th century. Internal combustion engines were the dominant propulsion mechanisms for cars and trucks for about 100 years, but electricity-powered locomotion remained commonplace in other vehicle types, such as overhead line-powered mass transit vehicles like electric trains, trams, monorails and trolley buses, as well as various small, low-speed battery-powered personal vehicles such as mobility scooters.

### B. Naresh kumar, Explaining about Role of Entrepreneurs in Economic Development

A One-day Seminar on “**Role of Entrepreneurs in Economic Development**” has been organized by the Department of MBA, Avanthi Institute of Engineering and Technology, Guntapally, on 30-04-2024. B. Naresh kumar, Srayas College has discussed finance, Entrepreneurs in Economic Development is the evaluation and assessment of stocks or securities to determine their investment potential. It involves analyzing various factors, such as financial statements, industry trends, market conditions, and company-specific information, to make informed investment decisions. There are two primary approaches to security analysis, fundamental Analysis and technical Analysis. Security analysis deals with finding the proper value of individual securities (i.e., stocks, bonds and derivatives). These are usually classified into debt securities, equities, or some hybrid of the two.

presenting different perspectives and ideas. The College has its own Debate Club. Debate club provide training, recognition and support for students participating in speech and debate activities. Club members meet every week for the training session. Every year the club organizes debate competition for students

## 2.4 Demonstrations

A Teacher demonstration involves showing the students a live experiment, process or phenomenon to give a greater understanding on a topic. A demonstration provides a shared experience that allows teachers to focus their students on particular aspects that they might otherwise miss. Demonstrations can be used to support your explanations for students' understanding. Demonstrations offer useful opportunities for purposeful participation in learning that can enhance understanding of the concepts given in the textbook.

Our organization has several laboratories in all the departments and computer labs which offer opportunities for the faculties to demonstrate any concepts being taught in the classrooms.

## 2.5 Presentations

PowerPoint presentations can enhance participative learning by providing a visual and interactive way to present information to students. When used effectively, PowerPoint presentations can help to engage students and make the material more accessible and interesting. They can include multimedia elements such as images, videos, and audio, which can help to illustrate key concepts and make them more memorable. Additionally, PowerPoint presentations can be used to create interactive activities and quizzes, which can help students to actively engage with the material and test their understanding. Furthermore, PowerPoint presentations can be used to create group activities, where students can work together to create their own presentations, which can foster teamwork and collaboration. Most of the classrooms in the college is provided with the facility of projectors which are used by the teachers and students alike to present their seminars.

### Language Lab

The Language Lab is a laboratory to train the English-speaking skills of the students on the campus. The lab provides a very different experience from the traditional system of teaching and learning language and offers more advanced features. Language labs can foster participative learning by providing students with the opportunity to practice and improve their language skills in a controlled and supportive environment. Language labs often provide students with a variety of interactive activities such as listening exercises, pronunciation practice, and conversation simulations, which can help to improve their speaking, listening, and comprehension skills. The College has an English language lab installed in its premises.

## 2.8 Guest Lectures:

Guest Lecture is a concept that helps the students to enhance their knowledge. Many students love the concept of guest lecturers as it is an interesting way of learning and interacting with new people at the same time. Such events and lectures help in enhancing the communication skills and many other skills of the students.

C&NS Guest lecture III-II CSM CSD

Guest Lecture was conducted for JAVA Programming – II/II CSE students by Dr. A. Nagasri Asso.Professor – CSE Dept, Annamacharya Institute of Engineering and Technology.

# AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, Recg. By Govt. of T.G & Affiliated to JNTUH, Hyderabad)

NAAC “A” Accredited Institute

Gunthapally (V), Abdullapurmet(M), RR Dist, Near Ramoji Film City, Hyderabad -501512.

[www.aietg.ac.in](http://www.aietg.ac.in) email: [principal.avanathi@gmail.com](mailto:principal.avanathi@gmail.com)

*Guest Lecture was conducted for Data mining – IV/I CSE students by Dr.A.Subrahmaniam ,  
Professor – CSE Dept., Annamacharya Institute of Engineering and Technology*

**Guest Lecture was conducted for “Signals and System” – II/I ECE students by Dr. K. Ashok Kumar, Professor – ECE, Dept., Annamacharya Institute of Engineering and Technology**

# AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, Recg. By Govt. of T.G & Affiliated to JNTUH, Hyderabad)

NAAC "A" Accredited Institute

Gunthapally (V), Abdullapurmet(M), RR Dist, Near Ramoji Film City, Hyderabad -501512.

[www.aietg.ac.in](http://www.aietg.ac.in) email: [principal.avanthi@gmail.com](mailto:principal.avanthi@gmail.com)

**Guest Lecture was conducted for “Database Management System”–II/II CSE students by Dr.U.Veerendra, Professor–CSE, Dept., Brilliant Institute of Engineering and Technology**

**Guest Lecture was conducted for “Python Programming” – II/I AI&ML students by Dr.K.Venkata Ramana, Professor –CSE, Dept.,Brilliant Institute of Engineering and Technology**

# AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, Recg. By Govt. of T.G & Affiliated to JNTUH, Hyderabad)

NAAC "A" Accredited Institute

Gunthapally (V), Abdullapurmet(M), RR Dist, Near Ramoji Film City, Hyderabad -501512.

[www.aietg.ac.in](http://www.aietg.ac.in) email: [principal.avanathi@gmail.com](mailto:principal.avanathi@gmail.com)

**Guest Lecture was conducted for “Power Systems”– III/I EEE students by Dr. K. Srinivasan, Professor – EEE, Dept., Brilliant Institute of Engineering and Technology**

**Guest Lecture was conducted for “Organizational Behavior” – II/I MBA students by Dr. Y.Yelamanchali Azith. Assoc. Professor – MBA, Dept., Brilliant Institute of Engineering and Technology**

## 2.9. Mock interviews:

A mock interview is an interview which you practice before the actual interview. It can be practice weeks or days before with your friends, or mentor. It provides the students an opportunity to practice, receive feedback and improve their skills. A mock interview also helps you develop interview strategies, enhance your communication skills, answer challenging questions, and ease the nerves that many experiences before an actual job interview.

**Mock Interview on self Introduction for all final year students**

**Mock Interview on java Technical Knowledge for CSE and ECE students**

# AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, Recg. By Govt. of T.G & Affiliated to JNTUH, Hyderabad)

NAAC "A" Accredited Institute

Gunthapally (V), Abdullapurmet(M), RR Dist, Near Ramoji Film City, Hyderabad -501512.

[www.aietg.ac.in](http://www.aietg.ac.in) email: [principal.avanathi@gmail.com](mailto:principal.avanathi@gmail.com)

**Mock Interview on Python Technical Knowledge for all CSE students**

**Mock Interview on self Introduction for Engineering students**

## Group discussion

The main purpose of a group discussion is to measure group communication skills. Group communication skills deal with how a person in a group is able to communicate with other persons and influence his/her idea on others. Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions can also help increase participants attention and help maintain their focus by involving them in the learning process. Group discussion can also provide feedback to instructors on participant comprehension.

**5G and its Impact on the Indian and Global Economy for CSE final year students**

# AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, Recg. By Govt. of T.G & Affiliated to JNTUH, Hyderabad)

NAAC "A" Accredited Institute

Gunthapally (V), Abdullapurmet(M), RR Dist, Near Ramoji Film City, Hyderabad -501512.

[www.aietg.ac.in](http://www.aietg.ac.in) email: [principal.avanathi@gmail.com](mailto:principal.avanathi@gmail.com)

---

**GD Topic on Crypto currencies for ECE final year students**

**GD topic on Innovation vs Invention for MBA Students**

### 2.11. Case Study

Case studies provide students with scenarios in which they can begin to think about their understanding and solutions to problems found in real-world situations. When carefully planned, case studies will challenge students' critical thinking and problem solving skills in a safe and open learning environment.

**Case Study on Training and Development by CSE students**

**Case Study on empowering communication skills by ECE students**

### **3. Problem solving methodologies**

Faculties are conducting subjects of highly analytical nature, with the objective to increase problem solving capabilities, analytical thinking and logical ability. Faculties are support to the students to attempt and solve problems individually and independently for the tutorial session, a class is divided into two groups and faculty members are assigned to each group separately. Giving assignments and quizzes at the end of instruction of each unit All academic activities are aimed at elevating the students' knowledge, skills and build confidence in them.

#### **3.1 Tutorials based on problems**

#### **3.2 Assignments**

#### **3.1 Tutorials**

Tutorials will provide a forum for students to practice their independent analysis of the primary texts, and to review and respond to the theoretical interpretations presented during lecture.

**Tutorial classes on Java CSE students**

# AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, Recg. By Govt. of T.G & Affiliated to JNTUH, Hyderabad)

NAAC "A" Accredited Institute

Gunthapally (V), Abdullapurmet(M), RR Dist, Near Ramoji Film City, Hyderabad -501512.

[www.aietg.ac.in](http://www.aietg.ac.in) email: [principal.avanthi@gmail.com](mailto:principal.avanthi@gmail.com)

**Tutorial classes on Java CSE-AIML students**

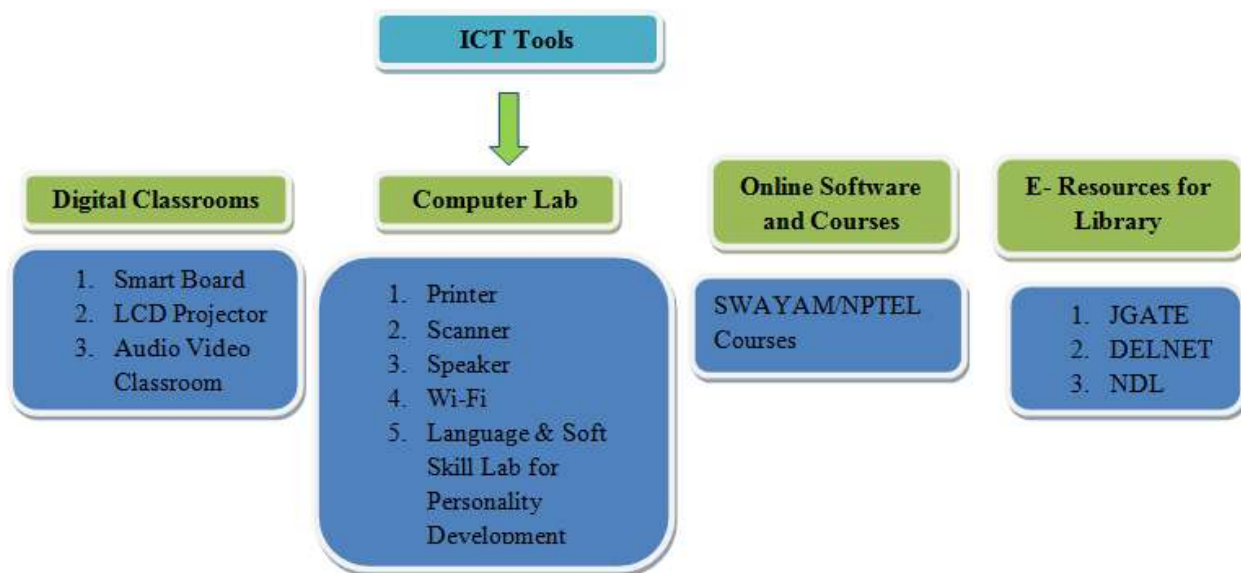

**Tutorial classes on Python CSE-DS students**

## 4. ICT Based Learning

Today, it is essential for the students to learn and master the latest technologies in order to be corporate ready. As a consequence, teachers are combining technology with traditional mode of instruction to engage students in long term learning. College uses Information and Communication Technology (ICT) in education to support, enhance, and optimize the delivery of education.

The following ICT tools are used by the Institute-

- Projectors- 25 projectors are available in different classrooms/labs
- Desktops- Arranged at Computer Lab and Faculty cabins all over the campus.
- Printers- They are installed at Labs, HOD Cabins and all prominent places
- Photocopier machines - Multifunction printers are available at all prominent places in the institute. There are four Photostat machines available in campus.
- Scanners- Multifunction printers are available at all prominent places.
- Seminar Rooms- Three seminar halls are equipped with all digital facilities.
- Smart Board- 5- smart board are installed in the campus.
- Auditorium- It is digitally equipped with mike, projector, cameras and computer system.

# AVANTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, Regd. By Govt. of T.G & Affiliated to JNTUH, Hyderabad)

NAAC "A" Accredited Institute

Gunthapally (V), Abdullapurmet(M), RR Dist, Near Ramoji Film City, Hyderabad -501512.

[www.aietg.ac.in](http://www.aietg.ac.in) email: [principal.avanthi@gmail.com](mailto:principal.avanthi@gmail.com)

- Online Classes through ( Zoom, Google Meet, Microsoft Team, Google Classroom)
- MOOCS Platform (NPTEL, Coursera, SAP, Udemy, Edx etc)
- Digital Library resources (DEL NET, MYLOFT etc)

## Use of ICT By Faculty:

- PowerPoint presentations- Faculties are encouraged to use power-point presentations in their teaching by using LCD's projectors & Smart boards .
- Industry Connect- Seminar and Conference room are digitally equipped where guest lectures, expert talks and various competitions are regularly organized for students.
- Video Conferencing- Students are counseled with the help of Zoom / Google meet applications.
- Video lecture- Recording of video lectures is made available to students for long term learning and future referencing.
- Online competitions- Various technical events and management events such as Poster making, Hackathons, Code debugging Ad-mad show, Project presentations, Debates, paper presentations etc. are being organized with the help of various Information Communication Tools.

**Conducting online quiz Competition to the Students by using ICT Tool Fill Google Forms**
